Re: Sussex County Interim Compliance Report Under the Sussex County
Voluntary Compliance Agreement (HUD) and Consent Decree (USDOJ)

Dear Ms. Delaney and Ms. Wagner:

The purpose of this correspondence is to forward to you the training certificates from the third annual in-person training of certain County employees as well as the County's Limited English Proficiency ("LEP") Plan requested by you in your correspondence to Sussex County dated July 30, 2015 (the "July HUD Letter"). Additionally, the County is also including within this report information relating to its second annual homebuyer fair as required within the County's Affirmative and Fair Housing Marketing Plan.

A. Training Certificates:

In-person training is required under the Consent Decree ("CD") executed between Sussex County and the U.S. Department of Justice ("USDOJ") on November 28, 2012, entered

Rodney Square • 1000 North King Street • Wilmington, DE 19801
P 302.571.6600 F 302.571.1253 YoungConaway.com

YOUNG CONAWAY STARGATT & TAYLOR, LLP
Ms. Barbara Delaney
Lori Wagner, Esq.
September 21, 2015; Page 2

by the Court on December 19, 2012, and in Section III (1) of the Voluntary Compliance Agreement ("VCA") executed between Sussex County and the U.S. Department of Housing and Urban Development ("HUD") on November 28, 2012. Section VI(21) of the CD requires the County to provide in-person training on the requirements of the CD and of the Fair Housing Act to all County officers, elected and appointed officials, or employees who have duties related to the planning, zoning, permitting, construction, or occupancy of residential housing and Section VI(23) requires the submission of training certificates as proof of the training.

The County's third annual in-person training (the "2015 Training") was held on July 23, 2015 with a trainer approved by USDOJ¹ and with materials meeting the approval of USDOJ.² The training was video-recorded and each participant received a copy of the CD and a copy of the training materials, and each participant executed the certification of training at the conclusion of the training session. The certificates are attached hereto as **Exhibit A**.

Prior to the 2015 Training, provisions were agreed to between USDOJ and the County in which any elected, appointed, or hired individual who, for good cause, could not attend the annual in-person training could satisfy the training requirement by viewing the videotape of the training, provided that any person who completes the video training in lieu of live training will report the reason on his/her training certification form (Attachment B of the CD) that will be submitted to USDOJ. This includes the situation wherein the in-person training required by the CD would cause any given County department to operate with less than 25% of its regular employees for the duration of the training, then up to 25% of that department's staff may be considered to have good cause to be trained by video instead of in-person, provided that no individual asserts this basis for good cause in any two consecutive years.³ As a result, the County was able to train all persons required under the CD. In total, 72 persons attended the in-person training or viewed the videotaped presentation. The Certificates from all 72 attendees are attached hereto within **Exhibit A**.⁴

¹ Email from Lori Wagner, USDOJ, to Stephanie Hansen, dated May 4, 2015.

² Email from Lori Wagner, USDOJ, to Stephanie Hansen, dated July 1, 2015.

³ Emails from Chris Fregiato, USDOJ, to Stephanie Hansen, dated December 12, 2012, and January 30, 2013.

⁴ You will note on the training certificate supplied by County employee Guillermo Montalvo that he checked "Other" as the reason he did not attend the 2015 Training. Although Mr. Montalvo had been hired by the County and previously viewed the videotape of the second annual in-person training (see the County's Fifth Semi-Annual Compliance Report), he was out of work at the time of the 2015 Training awaiting the renewal of his Employment Authorization Card. As a result, he viewed the videotape of the 2015 Training once his card was renewed. We believe this meets the definition of good cause.

YOUNG CONAWAY STARGATT & TAYLOR, LLP
Ms. Barbara Delaney
Lori Wagner, Esq.
September 21, 2015; Page 3

With this correspondence, the County believes that it has fulfilled the requirements of Sections VI(21) and (23) of the CD and Section III(1) of the VCA regarding the third annual in-person training and submission of training certificates.

B. LEP Plan:

As you requested at our meeting on July 16, 2015, and within the July HUD Letter to address HUD Recommendation #6, attached as **Exhibit B** is the County's draft LEP Plan. We believe this plan will be finalized shortly, but would appreciate HUD's comments as we reach the finish line. As mentioned in the July HUD Letter, HUD's comments, if any, will not become a part of the approval of the Priority Plan, but rather will be for the purpose of technical assistance to the County.

C. Homebuyer Fair Materials:

Within the County's Affordable and Fair Housing Marketing Plan, the County committed to providing an annual, free Sussex County Homebuyer Fair.⁵ As reported in the County's Fourth Semi-Annual Compliance Report, the first homebuyer fair was held on September 27, 2014. The County is pleased to report that the second annual homebuyer fair is currently scheduled for September 26, 2015.

The Marketing Plan requires the County to hold the homebuyer fair including the following stakeholders: (i) Sussex County Association of Realtors; (ii) First State Community Action Agency; (iii) NCALL Research, Inc.; (iv) Milford Housing Development Corporation; (v) Sussex County Habitat for Humanity; (vi) Diamond State CLT; and (vii) the U.S. Department of Agriculture Rural Development Agency. In addition, marketing materials are to be posted and/or distributed to at least ten (10) major Sussex County employers employing a substantial low-and-moderate income workforce, as well as the rural Impacted Communities identified through the County's Strong Communities Initiative. Attached as **Exhibit C** are: (1) the Homebuyer Fair Poster and postcards (English and Spanish versions); (2) the Homebuyer Fair Marketing Details listing the entities to whom the County sent an invitation and/or the Homebuyer Fair flyer; and (3) the Homebuyer Fair booklet identifying the required stakeholders listed as either partners, sponsors, or exhibitors;. As you can see from these documents, again, the County went above and beyond the requirements in the Marketing Plan to generate interest and perform public outreach. As a result, the County believes it is in compliance with this requirement of the Marketing Plan.

⁵ See Sussex County Affordable and Fair Housing Marketing Plan, Section IV.A.1(i).

YOUNG CONAWAY STARGATT & TAYLOR, LLP

Lastly, the County is continuing to revise its Priority Plan to address the issues you raised in the July HUD Letter and anticipates forwarding the plan to you shortly. Please feel free to contact me with any questions or comments regarding this Interim Compliance Report.

Sincerely yours,

Stephanie L. Hansen

LIMITED ENGLISH PROFICIENCY PLAN

Sussex County, Delaware

Approved _____
Todd Lawson, County Administrator Date

SUSSEX COUNTY GOVERNMENT

LIMITED ENGLISH PROFICIENCY PLAN

A. Introduction

This Limited English Proficiency Plan has been prepared to address Sussex County's responsibilities as a recipient of federal financial assistance to take reasonable steps to provide Limited English Proficiency (LEP) individuals with meaningful access to County programs and services.

It is the policy of Sussex County Government to provide timely meaningful access for LEP persons to all County programs and activities. All personnel shall provide free language assistance services to LEP individuals whom they encounter or whenever an LEP person requests language assistance services. All personnel will inform members of the public that language assistance services are available free of charge to LEP persons and that the organization will provide these services to them.

B. Purpose

The purpose of this Plan is to establish effective guidelines, consistent with Title VI of the Civil Rights Act of 1964 and Executive Order 13166, for agency personnel to follow when providing services to, or interacting with, individuals who have limited English Proficiency. Further, Title VI regulations prohibit discrimination on the basis of race, color, or national origin. Following these guidelines is essential to the success of our mission to *promote public safety, well-being, prosperity and an enriched quality of life in a personal, professional and fiscally responsible manner for those who live, work and vacation in Sussex County.*

This Plan will assist Sussex County Government ("County") staff in providing meaningful access to County programs and activities by persons with Limited English Proficiency. The County is committed to complying with federal requirements in providing free, meaningful access for LEP individuals. No LEP individual will be denied access to a County program because the individual does not speak English or communicates in English on a limited basis.

In order to prepare this plan, the County used the four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the eligible service population.
2. The frequency with which LEP individuals come into contact with the County.
3. The nature and importance of the program, activity, or service to the LEP person.
4. The resources available to the County and the cost of providing various types of language services.

A summary of the results of the four-factor analysis is in the following section.

C. Meaningful Access: Four-Factor Analysis

1. **FACTOR 1: Number or proportion of LEP persons served or encountered in the eligible service area**

Language Group	Total number of persons 5 years and over speaking the language at home	LEP Persons: Speaks English less than "very well"
Spanish or Spanish Creole	12,631	7,402
Other Indo-European Languages	3,879	1,715
French	381	64
French Creole	1,090	811
Italian	435	99
German	557	71
Russian	245	167
Asian & Pacific Island Languages	1,174	517
Chinese	208	127
Korean	311	123
Vietnamese	168	80
Tagalog	373	113
Other Languages	371	87

Source: 2007-2011 American Community Survey 5-Year Estimates, Survey Tables B16001 & S1601

The above data demonstrates that 76 percent of Sussex County's LEP population is Spanish speaking and that no other language meets the 5 percent or 1,000-person threshold for requiring written translation of vital documents.

2. **FACTOR 2: The frequency with which the LEP persons come into contact with the program**

Based on a review of the Community Development & Housing Department's year-end reports from the last 5 years, approximately 5 percent of beneficiaries annually are Spanish-speaking LEP persons. Informal interviews with department staff were conducted to confirm how many LEP persons visited, called the office, or were program beneficiaries, and what has been their primary language. These interviews revealed that while there were several Spanish-speaking LEP persons contacting the department and receiving program benefits, there were no LEP persons who spoke languages other than Spanish.

3. **FACTOR 3: The nature and importance of the program, activity, or service provided by the program**

Sussex County provides direct assistance to project area beneficiaries related to affordable housing, water/sewer hookups, demolition, rehabilitation, and acquisition; therefore, the nature of the activity or service is of significant importance to Sussex County residents.

4. FACTOR 4: The resources available and costs to Sussex County

Translation of vital documents (written and oral) will be contracted by a certified third party. Sussex County will utilize any documents provided by the Delaware State Housing Authority and the U.S. Department of Housing & Urban Development in languages other than English. Further, Sussex County will retain professional interpretation services, to provide oral interpretation in languages other than Spanish, as needed.

When feasible, Sussex County will arrange for bilingual staff to receive proper training and certification for government translation and interpretation services. Until such certification is obtained, and pending work-load, translation of vital documents (written and oral) will be provided primarily through a contracted local and certified third-party agency.

As of February 2015, Sussex County has a contract with CTS Language Link to provide Interactive Voice Response interpretation service. At its immediate disposal, CTS has access to interpreters for more than 240 languages. County staff have quick reference guides at every phone to allow for a quick call to an interpreter in the event an LEP individual walks-in or calls for service. CTS provides "Point to Your Language" posters to aid staff in determining the language for which to interpret. This service is available 24 hours a day, 7 days a week, 365 days a year, and available to staff in the field.

D. Definitions

1. Effective Communication – Effective communication occurs when County staff has taken reasonable steps to provide meaningful access to an LEP individual. Effective communication also means that the LEP individual is able to provide and receive required or necessary information.
2. Interpretation – Interpretation means the oral or spoken transfer of one language into one or more other languages. Interpretation can take place in-person, through a telephonic interpreter, or via internet or video.
3. Language Assistance – Language assistance includes interpretation and translation. The County has the sole discretion to determine whether to provide the language assistance in the form of interpretation or translation.
4. Limited English Proficient (LEP) – A person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English may be LEP and be entitled to language assistance with respect to a particular program, benefit or right. The focus is on the client's lack of English proficiency. An individual who proficiently speaks English is not a LEP individual.
5. Meaningful Access – Meaningful access is free language assistance in compliance with federal requirements. The County's goal is to provide meaningful access to the County's programs and services by LEP persons in a manner that balances the following four factors:
 - a. The number or proportion of LEP persons eligible to be served or likely to be encountered by the County.
 - b. The frequency with which the County comes into contact with a particular language.
 - c. The nature and importance of the program, activity, or service to the person's life. A compulsory activity is evidence of importance. For example, voluntary attendance at a

public meeting/hearing does not have the same importance as the application and contract process for rehabilitation assistance.

- d. The County's resources and the cost of providing meaningful access. Reasonable steps may cease to be reasonable where the costs imposed substantially exceed the benefits. The County determines the budget for language assistance.
- 6. Translation – Translation means the written transfer of a message from one language into one or more other languages.
- 7. Vital Written Documents – Vital written documents include, but are not limited to, consent and complaint forms; intake and application forms with the potential for important consequences; written notices of rights; notices of denials, losses, or decreases in benefits or services; notice of disciplinary action; signs; and notices advising LEP individuals of free language assistance services.

E. Language Assistance

The Fair Housing Compliance Officer will serve as the County's Language Assistance Coordinator.

Contact:

Fair Housing Compliance Officer
Sussex County Community Development & Housing
22215 DuPont Boulevard, P.O. Box 589
Georgetown, DE 19947
Phone: (302) 855-7777
Fax: (302) 854-5397

1. Translation of Documents

Sussex County will translate critical documents into a language when 5 percent of Sussex County's population of persons eligible to be served or likely to be affected or encountered are LEP and all speak a common language other than English. Sussex County will translate critical documents for each eligible LEP language group meeting this threshold.

To date, the only LEP language group meeting the threshold for vital document translation is Spanish. Sussex County's Community Development & Housing office has already translated all vital documents and will continue to translate other important program documents. Attachment A-1 is a listing of all County documents currently translated.

Sussex County will contract with a local certified agency to provide translation (written and oral) of vital documents. To support this effort, the County will seek proper training and certification for government translation and interpretation services for existing bilingual County staff.

2. Use of Interpreters

A contracted interpreter is considered a formal interpreter. Formal interpreters are to be used whenever an LEP individual signs a legally-binding document which includes, but is not limited to, Neighborhood Stabilization Program settlements and the signing of Rehabilitation/Demolition Liens and Contracts. If

available, a certified Spanish-speaking bilingual County staff person may also provide formal interpretation services for Spanish-speaking individuals.

As of February 2015, Sussex County has a contract with CTS Language Link to provide Interactive Voice Response interpretation service. At its immediate disposal, CTS has access to interpreters for more than 240 languages. County staff have quick reference guides at every phone to allow for a quick call to an interpreter in the event an LEP individual walks-in or calls for service. CTS provides "Point to Your Language" posters to aid staff in determining the language for which to interpret. This service is available 24 hours a day, 7 days a week, 365 days a year, and available to staff in the field.

Informal interpreters may be family members, friends, legal guardians, service representatives or advocates of the LEP individual. Informal interpreters may be appropriate depending upon the circumstances and subject matter. However in many circumstances, informal interpreters, especially children, are not competent to provide quality and accurate interpretations. There may be issues of confidentiality, competency or conflict of interest.

An LEP person may use an informal interpreter of their own choosing and expense in place of or as a supplement to the free language assistance offered by Sussex County. If possible, Sussex County should accommodate a LEP individual's request to have an informal interpreter. In these cases the individual and interpreter should sign a waiver of free interpreter services.

An outside resource may be community volunteers, members of the faith-based community, or representatives from non-profit or state agencies. Outside resources may be used for interpretive services at public or informal meetings or events.

In an emergency situation, Sussex County may use any interpreter available. Sussex County should first respond to the emergency and follow-up with language assistance as appropriate.

3. Contracts

Interpreters and Translators working for Sussex County will sign a "Data Privacy Statement" form (Attachment A-2) as part of the contract documents.

F. Sussex County Staff Training

1. Sussex County will make the Title VI Policy and LEP Plan available to staff.
2. Sussex County will inform existing and new employees of the County's duty to offer free language assistance in compliance with federal requirements.
3. Sussex County will post the LEP Plan on the County's Intranet, as well as the County's Affordable & Fair Housing website.
4. Sussex County will provide all departments and divisions copies of 'I Speak' cards, as well as contact information for sign language and language interpreter services available.

G. Guidelines for Staff Using an Interpreter

1. State the purpose of your communication and describe the type of information you may convey.
2. Speak in short sentences, expressing one idea at a time and allow the information to be interpreted.
3. Speak to the LEP individual and not to the interpreter.
4. Avoid using slang and acronyms. If you must do so, please explain their meaning.
5. Provide brief explanations of technical terms or terms of art, such as household income, recertification, etc.
6. Occasionally ask if the interpreter understands the information or if you should slow down or speed up your speech. If the interpreter is confused, the individual may also be confused.
7. Occasionally ask if the LEP individual understands the information. You may have to repeat or clarify some information by saying it in a different way.
8. Be patient and thank the interpreter.

H. Notice of Free Language Assistance for Sussex County Business

The County will post a sign in the lobby of the Administration Building and the West Complex Administrative Offices Building informing the public of the availability of the Interactive Voice Response (CTS Language Link) Service at any County department or division.

Community Development & Housing will publish all public meetings and pre-bid meetings for contractors in at least one Hispanic paper and/or website. When appropriate those, advertisements will also be provided in both English and Spanish.

The County's website will provide a notice in every public meeting event regarding the availability of sign language and language interpreters in both English and Spanish.

I. Reporting

Sussex County staff will document in the LEP individual's file or record when an interpreter is used for the application or contract signing of a Sussex County program, or when an interpreter is used for an LEP client's public hearing for a proposed subdivision, change of zoning, conditional use, or variance.

J. Monitoring

Periodically, Sussex County will review the LEP Plan. The review will include a summary report of the number of Sussex County individuals accessing federally-assisted programs who are LEP. The summary will also include a listing of the languages used by LEP individuals. When reasonably available, the report will also include data regarding Sussex County individuals accessing County programs and resources not assisted by federal funding.

Sussex County will also determine whether 5 percent of Sussex County's assisted individuals speak a specific language requiring the translation of vital documents as provided in E-1 above.

The Language Assistance Coordinator will do a periodic assessment to ensure that all departments and divisions have access to the LEP Plan and tools, as well as sufficient 'I Speak' cards.

K. Distribution and Public Posting

The County Administrator will notify all existing and new employees of the Policy and the location of the LEP Plan and other language-related resources on the County's internal Intranet. In addition, the LEP Plan, quick-reference phone stickers, and 'Point to your language' posters will be distributed to all Department and Division heads.

The LEP Plan will be available to the public on the County's Affordable & Fair Housing website. The public may also view a copy of the Plan in the Human Resources Department and the Community Development & Housing Department.

L. Standard of Care

The LEP Plan does not create a standard of care, a covenant of habitability or any rights to third parties or Sussex County assisted individuals. The Policy does not enlarge Sussex County's duty under any law, regulation, or ordinance. In cases of conflict, the applicable law, regulation or ordinance shall prevail. The Policy is a general guideline as to a standard of care to which Sussex County aspires.

INTERPRETER DATA PRIVACY STATEMENT

DATA PRIVACY POLICY

Interpreters working for Sussex County Government (the "County") will have access to various types of confidential information. This includes, but is not limited to, personal and financial information acquired from homeowners and homebuyers applying for County programs. One of the most important responsibilities of the County is to ensure that this information remains confidential.

To that end, no Interpreter may knowingly divulge or disclose confidential information obtained while performing interpreting duties unless the County has given its prior written consent or the Interpreter is complying with a valid legal request. Interpreters must treat confidential information in a professional manner so as to avoid disclosure to unauthorized persons.

The obligation of the Interpreter to protect confidential information is an ongoing obligation and shall survive the termination of the Interpreters' employment or relationship with the County.

I have read, and understand the above privacy statement and agree to ensure the confidentiality of any information obtained during the providing of interpreting services on behalf of the Sussex County Government.

2015 Sussex County Homebuyer Fair

Get the keys to homeownership!

Saturday, September 26, 2015

9 a.m. to 1 p.m.

Delaware Technical & Community College, Jack F. Owens Campus, Carter Partnership Center

<https://www.sussexcountyde.gov/2015-homebuyer-fair>

Welcome from **County Administrator Todd Lawson**

Dear Attendees,

On behalf of the Sussex County Council, it is my pleasure to welcome you to our second annual Sussex County Homebuyer Fair.

It's hard to believe that just one year ago, the Sussex County Government launched this initiative with several partners to bring together housing resources and would-be buyers. That inaugural event was a tremendous success, putting 75 families on the path to home ownership. Given those results, the fantastic turnout and positive feedback, it was clear then that the Homebuyer Fair could easily become an annual event. So here we are to help a new round of home-buyers on their path to home ownership!

Buying a home can be intimidating for first-time homebuyers, many of whom have plenty of questions, especially about what kinds of programs are available to make the process less daunting. That's where the Sussex County Homebuyer Fair can be a valuable tool, to help any homebuyer, but new owners especially, wade through the process in their quest to realize the American Dream.

Quality, affordable housing is the key to strengthening an economy and making for a more successful community. That can be a challenge for any locale, and Sussex County is no different. The Delaware Housing Needs Assessment released in 2014 identified major and distinctive housing needs in Sussex County. We can work through those challenges, though. It is my hope that this year's fair results in the further creation of a solid network of government, non-profits, and private sector organizations dedicated to creating homeownership opportunities for Sussex County residents. Not one of us alone can provide housing to our residents. Instead, it takes cooperation and coordination across all sectors.

I truly appreciate your willingness to take the first step to housing. We look forward to providing a venue for years to come where potential homebuyers can come to learn about all of the various resources and opportunities available to them from organizations and businesses across the state.

Homebuyer Fair Booklet

Welcome from **Community Development & Housing Director
Brad Whaley**

Dear Partners and Attendees,

Welcome to the 2015 Sussex County Homebuyer Fair!

We are excited to bring together organizations from the public, private, and non-profit sectors in Sussex County to provide potential homebuyers with all the resources necessary to attain homeownership. We look forward to doing this every year!

I hope that you find this event to be educational, and that you connect with the resources you need to make homeownership a reality.

Last year's inaugural event was a great success, and I would like to thank all of our hardworking partners. We could not do this without you!

I want to extend my sincere thanks to Anas Ben Addi, Director of the Delaware State Housing Authority, Ruth Briggs King, Executive Vice President of the Sussex County Association of REALTORS®, Bernice Edwards, Executive Director of First State Community Action, and Joe Myer, Executive Director of NCALL Research for helping us make this event possible in Sussex County. I would also like to thank the many staff members from these organizations. Their efforts were well above and beyond anything we could have hoped for. Thank you so much.

Move from renter to owner — buy your first home

Now may be the right time for you to buy your first home. Let us show you how it may be possible with:

- Low down payment options for qualified borrowers
- Financing options to help meet your needs and budget
- The power of a *PriorityBuyer*® preapproval
- Introductions to real estate professionals in your area through *Buyer Connections*™

Let's work together. With your personal action-oriented **First Home® Purchase Plan** you may become a homeowner sooner than you imagined.

Get started on your road to homeownership. Call today.

911

Smart911 is a free 9-1-1 service available in your community.

No one plans to call 9-1-1, but now you can plan ahead.

Sign up for Smart911 to give 9-1-1 valuable information about yourself, family members, your home, pets and even vehicles that will be immediately available to 9-1-1 when you make an emergency call. These details can save valuable seconds or even minutes during an emergency.

Seconds count when....

- > A child goes missing.
- > There's a fire.
- > You experience a medical emergency.
- > There's an accident at home, or on the job.
- > You are in a vehicle accident.

Seconds Save Lives. Sign Up Today.

Smart911 is private and secure and provided free to citizens by your local 9-1-1 and public safety agencies.
