FY 2015 Budget

May 20, 2014

Mr. President and Members of Council:

As required by Title 9, Chapter 70, § 7003(d)(5) of the Delaware Code, I respectfully submit the Proposed Annual Operating Budget for Sussex County for Fiscal Year (FY) 2015. The FY 2015 proposed budget was developed by a budget team consisting of the County Administrator, the Finance Director, and the Deputy Finance Director. This recommended budget was developed after receiving individual requests from each County department and meeting with the respective directors to discuss their needs. We greatly appreciate the efforts of the directors and their staff in assisting us in developing this budget.

Thanks to the Council's leadership and the team's conservative approach, the County will continue without raising taxes for another year.

The Fiscal 2015 forecast is promising. Revenues from the housing sector are projected to be 20 percent to 30 percent over the previous year. The County's largest revenue source, Realty Transfer Tax, is expected to climb to over \$20 million by the end of the current fiscal year.

Nonetheless, we have taken a very conservative approach and developed a budget with "measured growth," because it must remain at a sustainable level. As a result, budgeted revenues are increased at a modest level of 2 percent for the General Fund. While the Realty Transfer Tax (RTT) trajectory is expected to continue its climb for a second year in a row, RTT is only budgeted at \$16 million. The RTT revenue amount is \$4 million below our forecasted amount, but half of what it was in 2006.

The County's budgeting principles remain as follows:

- Prepare a balanced budget with minimal increases
- Maintain an operating reserve of approximately 25 percent
- Continue to fund above the actuarial determined level of funding for pensions and pension benefits
- Operate without tax-supported debt
- Maintain 'AA+' strong bond rating
- Maintain funding for local libraries

- Use technology to streamline and automate business practices
- Enhance the County's virtual interface to improve customer service
- Provide a greater level of service to County residents
- Upgrade and maintain existing wastewater services
- Pay-as-you-go philosophy for the capital projects fund
- Continue to eliminate existing septic systems
- Continue our sewer-assistance programs to help low-income residents

The budget was prepared with some assumptions. We assumed that the County will continue to receive 1.5 percent of realty transfer tax on eligible properties in unincorporated areas. We also assumed the County will continue to receive the 30 percent grant from the State of Delaware to fund paramedic expenses. If the State were to change these revenue sources, or pass any legislation that would further cut our revenues or raise our expenses, we would have to re-evaluate County services and the County's grant-in-aid program.

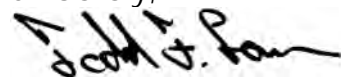

The budget represents a collaborative effort among the budget team and department heads. The team worked with the department heads when cuts were inevitable. The collaborative effort ensured that expenses were in line with the overall and individual department's goals and objectives. The departments' goals are listed throughout this document. I want to personally thank everyone for their understanding of the challenges we face in developing this balanced budget.

I also want to thank the County Council for its leadership and continued fiscal responsibility, which have helped build a strong foundation that has allowed this government to weather the current economic environment.

The economy in Sussex County appears to be showing signs of promise for the future, but I believe we need to move forward with caution. This year's budget is a reflection of that philosophy. Through "measured growth," the County is responding to the increasing demands for our services and addressing the areas of greatest need. We, however, will continue to move forward at a very deliberate pace to ensure we serve the citizens of this great county while fulfilling our fiduciary duty to them.

Please feel free to contact me or the Budget Committee with any questions or concerns you may have.

Sincerely,

Todd F. Lawson
County Administrator

FY 2015 Budget

Budget Summary by Fund

Fund	Revenues and Other Financing Sources	Expenditures and Other Financing Uses
General Fund	\$51,944,586	\$51,944,586
Capital Projects – Governmental Fund	7,095,985	7,095,985
Enterprise Funds	34,418,057	34,418,057
Capital Projects – Enterprise Fund	14,335,000	14,335,000
Fiduciary Fund	14,946,124	5,430,149
Total Budget	\$121,837,752	\$112,323,777

2015 Budget Highlights

- General Fund operating budget is up \$1,808,000. The increase is due to:
 - Demand for housing related services increasing more than 20 percent
 - Projected 2014 surplus of \$3.0 million
 - Increased pension contribution of \$300,000
- County daily operational expenses increased 2.2 percent
- Property taxes are level
 - Average County tax for a single-family home is \$107.97.
 - Average County tax for a manufactured home is \$44.66.
- Taxable assessments increased 1.8 percent
- No general fund fee increases
- Small sewer service charge increases
- Connection fee and waste hauler increases
- 2 percent COLA for employees
- Reduction in the number of employee positions compared to FY 2014
- \$2.0 million to Delaware State Police for 44 additional State Troopers and \$575,000 for Local Law Enforcement Grants
- Continue partnership with the volunteer fire companies by providing \$3.4 million of funding for fire and ambulance services
- Capital Projects – Governmental Fund of \$7.1 million – 37 percent is airpark

General Fund Revenue Summary

The General Fund accounts for all financial transactions and resources in Sussex County, other than those required to be accounted for in another fund. Revenues in the General Fund are primarily derived from property and realty transfer taxes, constitutional office fees, intergovernmental sources and other charges for services.

General Fund revenue and funding sources increased \$1,808,000, or 3.6 percent compared to the Fiscal 2014 budget. The budget reflects an increase in expected prior year revenues over expenditures.

Property Taxes

The current tax rate is \$.445 per \$100 of taxable assessments. This rate has not increased in 25 years. No property tax increase is recommended again this year. The local library rate will remain at \$.0467 as well. The remaining \$.3983 is available for operating expenses.

The estimated total property tax revenue has increased 1.8 percent. This increase reflects the addition of new construction placed on the tax assessment rolls.

Realty Transfer Tax

Realty transfer tax is budgeted to be \$16 million FY 2015. This is the same as FY 2014.

In keeping with our conservative budget approach, we estimate to collect over \$20 million in FY 2014. With the uncertainty in the housing market, we budgeted 80 percent of what is expected to be collected. In

addition, anything collected over the \$16 million would go directly to the Capital Projects fund to pay for future needs.

Intergovernmental Funds

Grants from other governmental agencies are projected to decrease by \$28,400, which is a result of a decrease in federal housing funding. The State paramedic grant, which is based on 30 percent of the paramedic expenses, increased \$53,500.

Constitutional Office Fees

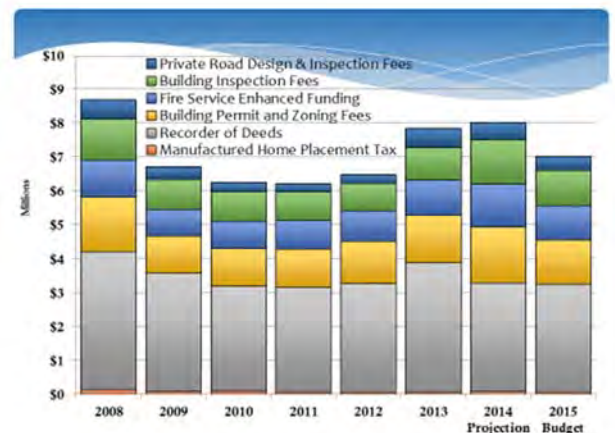

Constitutional offices include the Marriage Bureau, Recorder of Deeds, Register of Wills and Sheriff Departments. Revenues are expected to increase only slightly by \$107,000, or 1.6 percent. Revenues from Sheriff sales of properties has flattened since 2013. The Register of Wills is seeing a slight decline in their revenue as people are putting their assets in trusts. However, the Marriage Bureau is seeing an increase in activity resulting in a \$19,000 increase.

Miscellaneous Revenue

Miscellaneous revenues are projected to increase \$226,000, or 59.6 percent due to an increase in investment income. The County changed its investment policy a couple of years ago to allow the County to invest in fixed income. As a result, the County is now receiving a higher return on its investments.

General Government Fees and Services

The majority of these fees are real estate and economy sensitive, such as building permits and private road inspections. In general, these fees are projected to increase 20 to 30 percent. Revenues from the 9-1-1 system fee are capped by the State. The chart below shows housing related revenue trends and projections. The last column shows the conservative nature of our budget as we are budgeting only 80 percent of projections.

Appropriated Reserve

Appropriated reserve is revenue earned in a prior budget year. This year it is FY 2014's projected revenues over expenditures of \$3 million. This revenue does not support daily general operating expenses. The projected FY 2014 projected surplus will be allocated once it is confirmed by the County's independent auditors.

Total Revenue	\$49,054,287	\$50,136,848	\$51,944,586

The chart below shows the fluctuation of the County's largest revenue source, Realty Transfer Tax. The FY 2015 operating budget keeps this volatile revenue source to pre-2013 levels.

General Fund Expense Summary

The total FY 2015 General Fund budget is \$51.9 million. The pie chart below indicates which services County revenues support for the citizens of Sussex County. Public safety makes up the largest percentage of the pie at 32 percent. This

percentage excludes other public safety grants that are given to fire and ambulance companies and law enforcement agencies, which can be found in the grant-in-aid section of the pie. General Government makes up the next largest portion at 21 percent. This expense includes

County Council, Administration, Finance, Human Resources, Building Code, Assessment, Dog Control, and Information Technology.

This chart shows FY 2015 expenditures by category. Salaries and wages make up 33 percent of the County's General Fund expenditures. As our largest expenditure category, we continue to operate with less staff than in previous fiscal years. The FY 2015 budget is

down 1 position from the FY 2014 budget.

Other Financing Uses			
Transfers Out	806,529	500,000	85,500
Reserve for Contingencies	-	2,400,000	3,600,000
Total Other Financing Uses	806,529	2,900,000	3,685,500
Total Expenses	\$46,681,785	\$50,136,848	\$51,944,585

Expenses are up \$1,808,000 from FY 2014. This is largely due to the anticipated surplus from FY 2014. The anticipated surplus is in Reserve for Contingencies. If the surplus is realized for FY 2014, there is \$3 million budgeted for FY 2015 in anticipation of this surplus. The budget also has an increase from the prior year of \$300,000 for pension contribution.

General Fund Department

Expenditures

County Council

The County Council is the legislative branch of government consisting of five elected members from five districts. The President and Vice President of Council are elected annually by the members of the Council. As the legislative body, the Council's major responsibility is to approve laws for Sussex County. The Council's powers also include authorization of the annual budget, amendments to the zoning regulations, and approval of all issuances of County bonds.

Objectives

- Maintain public availability to all citizens of the County
- Encourage citizens to participate and assist in making informed decisions
- Maintain financial stability
- Continue efforts to provide County services more efficiently

County Administration

County Administration includes the County Administrator and his staff. The County Administrator is an appointed position. The Administrator has the executive powers to implement the policies and procedures set forth by the County Council. The County Administrator manages an annual budget and oversees approximately 500 employees in more than 40 departments, divisions, and offices. See the chart below as to the continued decrease in the number of employees.

Objectives

- Maintain the County's strong financial position
- Streamline County processes to better serve the public and use County assets more efficiently
- Establish a county-wide performance management initiative focusing on a core mission, with measurable objectives
- Provide a greater level of service to residents
- Continue to renovate and expand the County's sewer system, which will provide critical infrastructure needed to protect the environment

Budget Highlights

FY 2015 budget's increase is \$1.3 million, or 44 percent. The increase is from the additional contingency resulting from the anticipated FY 2014 year-end. If there is a surplus in FY 2014, there is a line item in the budget for additional expenditures. This amount will not be realized until it is confirmed by our independent auditors that there is a surplus in FY 2014.

Additional expenses in the County Administration budget is a new vehicle, FOIA software, and additional pension contribution.

Moore and Rutt, P.A., is the legal firm appointed by the County Council. The firm represents the Council, the Planning & Zoning Commission, and Board of Adjustment. Griffin and Hackett, P.A., is the appointed assistant County attorney. Young, Conaway, Stargatt and Taylor represents the County on personnel and housing matters. Ballard Spahr, LLP provides assistance with financial matters, including bond issuances.

Finance

The mission of the Finance Department is to ensure that the County's financial resources are collected, protected, invested and distributed in a fiscally responsible manner, and to provide accurate financial data to Administration, County Council, and citizens of the County with an effective and efficient team of employees.

The Finance Department is led by a Finance Director who oversees the departments/divisions of Billing, Collections, and Treasury.

Objectives

- Maximize the use of resources by seeking opportunities to leverage these resources through technology and partnering wherever possible
- Maintain a highly functioning work team
- Create financial policies and procedures
- Issue payments to vendors in a timely and accurate manner
- Continue to analyze all Finance divisions to ensure the most efficient processes are in place
- Monitor revenues and expenditures throughout the fiscal year, as well as prepare financial reports for the County Council on a quarterly basis
- Strengthen efforts to collect delinquencies
- Implement Munis for County billings
- Work with the auditors during the annual audit to ensure an accurate and timely annual financial report
- Continue to receive the GFOA Excellence in Comprehensive Annual Financial Reporting award
- Accurately invoice customers in a timely manner
- Process and deposit daily payments efficiently
- Maintain high standards of excellence in order to provide the highest level of service to all customers
- Strengthen technology and the use of Munis in order to improve the quality, accuracy and timeliness of all financial activity
- Continuously seek opportunities for process improvements

Budget Highlights

FY 2015 budget's increase is \$13,860, or 1 percent. This increase is from investment fees charged for our investments. The budget also includes temporary part-time help during the County's annual tax season to assist with the influx of payments.

Assessment

The Assessment Department is responsible for ensuring that all land, buildings, and land improvements are valued and added to the County's assessment rolls for the purpose of taxation. The staff of this department is responsible for maintaining all County property records and tax maps, as well as issuing permits. The Director of Assessment oversees the daily operations of the Addressing, Constable, Building Code, and Dog Control departments.

Objectives

- Adjust our assessment procedures to maximize the efficiency of the office
- Add new construction to the assessment rolls in a timely manner
- Look for construction that has been performed without permits
- Begin using technology in the field
- Create an atmosphere that fosters greater unity, productivity and customer satisfaction

Budget Highlights

FY 2015 budget's increase is \$63,000, or 5 percent, which is reasonable with the 18 percent increase the department is seeing in actual revenue. As you can see by the graph below, there has been a steady increase in building permits since 2010.

Building Code

The Building Code Department is responsible for plan review and building inspections for residential and commercial structures in the county.

Objectives

- Provide and maintain proper enforcement of current code editions
- Provide training to staff for both residential and commercial plan reviews
- Provide staff with proper equipment to enhance performance with Munis system
- Continue to provide excellent service to the community with professional inspections and timely plan reviews

Budget Highlights

FY 2015 budget's increase is 27 percent, or \$166,000, which is reasonable as inspections have increased 35 percent over the previous year. As you can see by the graph below, there has been a continuous increase since 2011. There is one additional staff and two vehicles in the budget to help with the increase in activity. There is also additional money in tuition and training to offer commercial inspection training.

Building Code - continued

Mapping and Addressing

The Mapping and Addressing Department creates, draws, and maintains County parcel maps, as well as provides street addresses to County parcels. They are responsible for readdressing Sussex County for the purpose of the Enhanced 9-1-1 system.

Objectives

- Increase match rate by completing data audits and working with Verizon and Homeland Security
- Continue support of 9-1-1 Center and paramedics by improving data accuracy
- Complete parcel splits, attach property records data and disseminate to the public in both web and GIS data format
- Support all departmental needs for access to mapping and addressing data

Budget Highlights

FY 2015 budget's increase is 6 percent, or \$42,000. This increase is due to the purchase of office furniture that will allow the department to move to the Administration Building. This move will increase efficiency as GIS is becoming a vital component of the County's operations when it comes to land use.

Mapping and Addressing - continued

Human Resources and General Employment

The Human Resources Department is a support office to the County's departments, constitutional offices, and the County Council. The County has 498 employees in the FY 2015 budget. There are also 35 part-time employees proposed in this budget. The department also supports the approximately 200 pensioners. The office's function includes recruitment, training, leave administration, payroll administration, benefit orientation and administration, employee grievances and discipline procedures, training and development, as well as administration of the health insurance plan, dental, vision, life insurance, and maintaining pensioners' documentation. The department also reviews current personnel policies and procedures, and makes recommendations to County Administration on improvements and changes.

General employment and retirement costs include general expenses associated with all employees, such as unemployment compensation, workmen's compensation, blood bank, tuition reimbursement, and uniforms.

Objectives

- Provide excellent service to all County employees and pensioners in the areas of benefits, staffing, compensation, policies and employee relations
- Manage and administer employee functions including Health Awareness Week, Mildred King Luncheon, Take Your Child to Work Day, Employee of the Quarter/Year, and "The Scene"

Budget Highlights

The FY 2015's budget decrease is \$439,000, or 34 percent. The County had a successful year with its first comprehensive employee training program. The budget continues to fund this beneficial initiative.

The largest part of this decrease is due to a one-time expenditure to reduce the County's compensatory time liability that was done in FY 2014; this liability no longer accumulates. In addition, there is a decrease in programs and projects. In FY 2014, this decrease was realized for County sponsored life insurance that is now expensed to the department in which the employee works.

Records Management

The Records Management Department receives records from all County departments. They index, file, and store records; create databases of the records; track the life cycle of the records; scan records; send appropriate records to the State of Delaware Division of Archives; and perform document destruction of records once they have met their legal retention period.

The County's Historic Preservation Planner oversees Records Management. Besides managing the County's records, the planner continues with development of an historic preservation infrastructure and supports heritage tourism initiatives throughout Sussex County.

Objectives

- Continue digitizing and indexing Sussex County records
- Implement a standard system across all records created by various departments
- Index and prepare permanent records that are not regularly accessed to the Delaware Public Archives
- Continue to improve services to internal departments
- Organize records that have met their legal retention to maximize space for the future

Budget Highlights

FY 2015 budget's increase is 15 percent, or \$24,000. Most of this increase is due to an additional part-time staff member to help organize the County's records.

Buildings and Grounds

The Buildings and Grounds Department operates and maintains all County facilities. This includes the County Administration building, West Complex, all three County libraries, Records Management building, and the County Airport facilities.

Objectives

- Ensure all County buildings are clean, safe, and properly maintained
- Continue to work with County Council, Administration, and directors to accommodate their maintenance needs
- Coordinate future projects to ensure timely completion while minimizing any inconvenience
- Oversee the Buildings and Grounds staff and coordinate their daily duties with new projects as they arise
- Continue to work with vendors to ensure the best prices for products and services

Budget Highlights

FY 2015 budget's increase is \$428,000, or 32 percent. The increase is due to \$100,000 to repair County facilities, \$206,500 to replace aged equipment, and \$30,000 to improve the signage throughout the County Administration building.

There are numerous building renovation projects in the FY 2015 Capital Improvements budget, such as Council Chamber renovations, renovating the roof at the Records Management building, and fixing the exterior steps. The Buildings and Grounds Department helps facilitate and coordinate capital projects for County buildings.

Information Technology

Information Technology is responsible for the phone and computer network systems and related infrastructure. They design, upgrade, and repair all computers within the County network. This department also designs and administers the County's official website.

Objectives

- Create a secure data center
- Reduce energy use by consolidating servers
- Increase the stability and reliability of the County's servers
- Upgrade phone system
- Implement an Emergency Response System to integrate with the current phone system. This will increase the safety of the employees and visitors to County owned buildings.
- Support departments to meet their technology needs

Budget Highlights

FY 2015 budget's decrease is \$23,000, or 2 percent. This is the first year that Data Processing and Information Technology is shown as one department in the budget. The one addition to this budget is a new Software Web Engineer in the budget. This increase in position is slightly offset by an employee who transferred to fill a vacancy in another department.

Information Technology - continued

Constable

The County Constable is responsible for enforcement of the County Code and is charged with investigating public complaints related to property maintenance and zoning issues. Property maintenance issues can include tall grass, trash, and/or abandoned vehicles.

Objectives

- Resolve and investigate complaints and violations in a timely and professional manner
- Demolish vacant and illegal manufactured homes
- Work with DELJIS system to summon people to court
- Work with State on abatement program
- Assist the Collections Manager on delinquent collections

Budget Highlights

FY 2015 budget's decrease is \$10,000, or 4 percent.

Dog Control

The Dog Control Department is responsible for issuing dog licenses and working with the County's contractor to handle dog control issues.

Objectives

- Continue issuing dog licenses in an efficient and timely manner
- Monitor the County's contractor that provides dog control services

Budget Highlights

FY 2015 budget's increase is \$21,000, or 3 percent. The largest portion of this department's budget is the contract with First State Animal Center & SPCA to provide dog services to Sussex County. The increase is due to their contract.

	2013 Actual	2014 Budget	2015 Budget

Planning and Zoning

The Planning and Zoning Department is responsible for overseeing land use in the unincorporated areas of Sussex County. It is the public point of entry for subdivision, zoning change, conditional use, special use exception and accessory use requests.

Planning and Zoning staff support the County's Planning and Zoning Commission and Board of Adjustment, as well as County Council, by managing land use applications and scheduling public hearings on subdivision, zoning or other requests.

The department provides zoning information for building permits, including property line setbacks and structure locations. Additionally, the office coordinates inspections of properties – including investigating complaints – to ensure zoning compliance with the County Code.

Objectives

- Coordinate technical review of pending applications and process all in a timely manner
- Coordinate violation activities with the Constable's Office
- Maintain County zoning ordinances online for accessibility
- Coordinate land use recommendations with Sussex County Engineering Department and State agencies

Budget Highlights

FY 2015 budget's decrease is \$13,000, or 1 percent. The decrease is from the reclassification of board and commission pay to Human Resources' budget. However, there is an increase in Other Professional Services to help with land use.

Paramedics

Sussex County Emergency Medical Services (EMS) operates as a non-transporting EMS agency providing paramedic services using eight specially designed ALS rapid response vehicles and two district supervisor units. To ensure the fastest response, each vehicle is based at one of eight paramedic stations located throughout the County. The ambulance transportation of patients is provided by 21 basic life support transport services (with a SCEMS Paramedic on board if the patient meets advance life support criteria), or by ALS helicopter service provided by the Delaware State Police and Life Net, which are both stationed in Sussex County.

Objectives

- Continue as a nationally recognized leader in mobile healthcare services by providing quality, compassionate patient care with continuous quality improvement and proactive planning
- Provide staff and support for eight full-time paramedic units, one seasonal paramedic unit, and two supervisory units, providing advance life support service to all of Sussex County
- Provide comprehensive education and training for paramedics

Budget Highlights

The Paramedic Department increased \$178,000, or 1 percent. To help with attrition, the County will sponsor a scholarship program at Delaware Technical and Community College. This replaces the student/employee sponsorship program.

Some items in the budget this year include two suburbans to replace the high mileage medic units, a training room simulation, a Lucas device, and other required medical equipment.

Emergency Preparedness Administration

Emergency Preparedness Administration coordinates public safety activities for major storms and natural disasters, such as snow storms, floods, hurricanes, nor'easters, etc. The department also assists with technical disasters like chemical spills and incidents with hazardous materials.

Objectives

- Support the Sussex County Citizen Corps and Sussex County Radio Amateur Civil Emergency Service by purchasing the necessary equipment for those agencies to function properly
- Implement the ARM360 Real-Time Damage Assessment, Reporting, and Mapping system which enables the relay of critical information to the EOC via GIS, which in turn, enables deployment of the right resources, to the right location in real-time. The ARM360 Solution easily collects assessment information, synchronizes to a centralized database, maps the damage, and generates reports from a web page allowing decision makers and responders to have instant access to damage and loss totals. Install the necessary equipment to record the public access phone lines that are used during an EOC activation
- Maintain the Emergency Operations Center in a ready state in order to respond to events and incidents that may affect Sussex County in order to coordinate the response with towns, fire service, law enforcement, school districts and various state agencies
- Continue to improve public awareness and safety during major storms

Budget Highlights

FY 2015 budget's decrease is \$11,000, or 2 percent. Most of the decrease is due to utilities from the installation of a geo-thermal heating and cooling system.

Emergency Preparedness Administration – continued

Emergency Operations Dispatch Center

The Emergency Operations Dispatch Center provides 911 services for the residents of Sussex County. The Center is responsible for dispatching fire companies, ambulance squads, County paramedics, the State Police Medivac Helicopter and other resources for fire and medical emergencies.

Objectives

- Implement Smart911 in Sussex County. Smart911 delivers accurate, detailed caller data with incoming 9-1-1 calls. It helps 9-1-1 dispatchers make faster, better decisions, shortens response times, and helps save lives. Citizens sign up for Smart911 and enter information they want 9-1-1 to receive in case of an emergency. When a person calls 9-1-1, their data automatically displays on the dispatcher's work station – anywhere where Smart911 is deployed.
- Conduct 9-1-1 Awareness Day in Sussex County
- Continue to work with the fire service to support the mobile data terminals in apparatus to provide a wireless link back to the Dispatch Center in order to track units and send vital dispatch information
- Continue to maintain the status as an Accredited Center of Excellence
- Maintain the Regional Training Facility for Priority Dispatch
- Maintain the Mobile Command Unit in a ready state in order to support Public Safety events and incidents that may affect Sussex County in order to coordinate the response with towns, fire service, law enforcement, school districts and various state agencies.

Budget Highlights

FY 2015 budget's decrease is \$88,000, or 4 percent. The decrease is from a software purchase for \$50,000 that was made in FY 2014. The software is called Smart911. Smart911 will provide dispatchers and first responders with additional critical call data in order to help improve response effectiveness throughout the County.

Communications

The Communications Department assists the local volunteer fire companies in maintaining and upgrading their communications equipment, as well as keeping the entire County owned communications equipment and facilities maintained.

Objectives

- Continue providing support to the 911 Center, fire companies, paramedics, wastewater facilities, and communications tower sites with installation, and programming
- Repair and troubleshoot all radio communications, Knox box, emergency lighting and Opticon

Budget Highlights

FY 2015 budget's decrease is \$10,000, or 2 percent. The decrease is in repairs and maintenance. The budget includes one additional part-time person.

Local Emergency Planning Committee

The Local Emergency Planning Committee is responsible for instituting safeguards pertaining to emergency preparedness operations in time of a hazardous materials release or spill from fixed or mobile facilities that may affect the general public.

Objectives

- Actively participate as a member of the State Emergency Response Commission (SERC)
- Assist facilities, upon request, with concerns about proper reporting procedures
- Attend and participate in conferences and seminars on related emergency preparedness/response topics
- Meet with responders to identify concerns and review response status
- Conduct on-site audits and coordinate Risk Management Plans for one-third of the EHS facilities in Sussex County
- Coordinate with DEMA to receive maximum allowable funding

Budget Highlights

FY 2015 budget's decrease is \$7,000, or 9 percent. The increase is due to benefits. Health insurance is charged to each department based on an average amount per employee, as it has been done in the past. Last year it was based on the employee's election.

Engineering Administration

Engineering Administration is responsible for all engineering design, construction, and the operation and maintenance of public utilities for the unincorporated areas of Sussex County. This includes wastewater treatment and disposal plants, public water systems, the Sussex County Airpark, lighting districts and suburban community improvements. The Solid Waste division monitors closed County landfill areas.

Objectives

- Provide efficient oversight and management of capital construction projects
- Develop plans for the expansion of the County's sewer system
- Provide County Council with timely and quantitative information regarding capital projects
- Manage various subdivision projects
- Provide oversight of closed County landfills, to include sampling of ground water and central water facilities' monitoring

Budget Highlights

FY 2015 budget's decrease is \$58,000, or 4 percent. The decrease in Miscellaneous. Monitoring the dredge sight decreased from \$80,000 to \$26,000. Included in this budget is \$10,000 to maintain the Woodland Park.

Public Works

The Public Works Division is responsible for the regulation of private road and private sewer system design review and construction inspection.

Objectives

- Continue to represent the County Engineering Department on the Technical Advisory Committee
- Continue to perform construction plan review and inspection, including administration for pre-construction for developments regulated under Chapters 99 and 110 of the Sussex County Code
- Continue to work with jurisdictional agencies and County departments such as the Planning and Zoning Commission, the Delaware Department of Transportation, the Delaware Department of Natural Resources and Environmental Control, and the Sussex Conservation District in the plan review process and construction of regulated developments
- Continue to participate with the Sussex Conservation District's Storm Water Advisory Committee
- Improve the regulation of private road developments to decrease project time
- Improve the review of stormwater designs
- Improve the quality and operation of construction inspection

Budget Highlights

FY 2015 budget's increase is \$59,000, or 11 percent. There is no additional equipment in this budget. The increase has to do with pension and health insurance.

Activity in the department has increased as the economy improves. Below is the last three years of revenues.

	2011	2012	2013

Library Administration

The Library Administration Department serves the County and independent libraries by working closely with the Delaware Division of Libraries and other participants in the Delaware Library Catalog to ensure efficient operation of the automated statewide system. Library Administration is responsible for general administration and overseeing of the County operated libraries.

Objectives

- Align vision, mission and policies among County libraries in coordination with Sussex County Administration
- Work closely with the Sussex County Information Technology Department and the Delaware Division of Libraries/other partners in the Delaware Library Catalog to ensure efficient operation and continuous improvement of the automated system
- Continue to promote civic engagement, early childhood development and literacy through outreach activities online and across the county
- Facilitate professionalization of library staff via continuing education and professional development opportunities including the annual Staff Development Day, online classes, seminars and regular meetings
- Work with the Sussex County Library Advisory Board, Sussex County library staff, and the Delaware Division of Libraries to create and implement consistent/effective library policies, align strategic plans, and seek economies of scale purchasing
- Manage Anchor Library funds from the Delaware Division of Libraries to accomplish goals established by the Sussex County Library System participants; these goals provide broader and deeper resources for all the libraries in the county

Budget Highlights

FY 2015 budget's increase is 15,000, or 2 percent. The largest increase of \$13,000 is realized in Programs and Projects, which is for services to support the 3 County-owned libraries and the 11 independent libraries.

Bookmobile

The Bookmobile is a mobile library that visits various locations throughout the county. It provides public library materials and services to area individuals in residential facilities, schools, and daycares who would otherwise have limited access to these valuable community resources.

Objectives

- Inaugurate public education efforts to connect with Sussex County residents “where they are”, thereby enabling individuals to conveniently link to library services that meet their needs
- Establish partnerships with Community Resource Exchange leaders in Sussex County for outreach efforts
- Provide concentrated stops to serve residential or congregate facilities on a regular schedule using the Mobile Library
- Create and distribute deposit collections to enhance daycare curriculum
- Ensure staff participation in professional development workshops/events for children and adult services, leadership, and customer service

Budget Highlights

FY 2015 budget's increase is \$6,000, or 6 percent. This increase is for the additional virtual and physical outreach initiatives to connect the residents of Sussex County to the Mobile Library. The line items that increased to help with this initiative are travel, fuel, programs and projects, and permanent record books.

South Coastal Library

The South Coastal Library, located in Bethany Beach, remains one of the most active libraries in the county. It provides materials and services on current topics and titles, lifelong learning and general information for the community. The library also provides cultural and educational programs for patrons.

Objectives

- Maintain a collection that anticipates and fulfills public demand and serves the general information and recreational needs of the community
- Increase purchases in high-demand collection areas, especially in children's materials, audiobook and DVD titles providing cultural and educational programs for patrons of all ages
- Maintain the quality and services of the existing facilities
- Provide up to 30 programs monthly for all age groups that fulfill community needs
- Utilize the Children's Services staff by reestablishing a relationship with the local elementary school to provide outreach programs for the children
- Focus on patron needs in coping with job loss, career searching and the acquisition of technological skills to function in a changing job market by providing/maintaining materials in this subject area, as well as continuing to provide computer/technological classes for patrons; provide online courses/workshops that allow staff to improve skill levels without necessitating travel expenses
- Maintain the physical and technological requirements of the expanded facility through the upgrading of computers for use by staff and patrons; add new technologies in order to keep up with current demand

Budget Highlights

FY 2015 budget's increase is \$68,000, or 11 percent. The increase is due to health insurance cost allocations. As it has been done prior to FY 2014, health insurance is charged to each department based on an average amount per employee.

Greenwood Library

The Greenwood Library continues to be an educational and cultural center for the Town of Greenwood.

Objectives

- Welcome Sussex County residents into the new Greenwood Public Library and orient them to the improved and expanded services that are offered
- Fully explore the opportunities for community engagement and partnerships possible through the new library
- Provide a current and attractive collection of materials reflecting the lifelong learning interests of the community
- Ensure staff will have access to training to guarantee they will have expertise, and skills to provide assistance in locating materials and information in a variety of formats
- Provide cultural and educational programs for all ages. At least one program will be targeted to the interest of current non-users

Budget Highlights

FY 2015 budget's decrease is \$63,000, or 11 percent. Fiscal 2015 will see the first full year of operation for the new Greenwood Library. Costs decreased due to last year's one time purchases to furnish the new library. Two new part-time positions were needed as a result of the larger and expanded library.

Milton Library

The Milton Library is a focal point in downtown Milton providing a variety of activities and valuable resources for the community.

Objectives

- Continue to provide materials and services in a variety of formats to fulfill strategic plan objectives for the selected service responses of Current Topics and Titles, and Lifelong Learning. Continue weeding and purchasing as part of the Delaware Library Catalog Collaborative Collection Development team.
- Complete long-planned maintenance to original building
- Continue the emphasis on public awareness of available services and assistance at the library
- Continue to build new and reinforce existing partnerships with local businesses, schools, and organizations to benefit the community at large
- Continue staff education through workshops, seminars, and conferences

Budget Highlights

FY 2015 budget's increase is \$55,000, or 10 percent. The increase is for the repair and maintenance of the library, which includes exterior painting of the first floor, bathroom repairs, new gutters, and power washing.

Local Libraries

The County continues to provide funding for eleven local, independently managed and owned public libraries. This funding is through a property tax levy added to the annual tax bills. The libraries include Bridgeville, Delmar, Frankford, Georgetown, Laurel, Lewes, Milford, Millsboro, Rehoboth Beach, Seaford and Selbyville.

The FY 2015 budget increased for the local libraries \$25,000, or 2 percent. The increase comes from the additional assessments added to the tax records.

	2013 Actual	2014 Budget	2015 Budget
Bridgeville	\$130,217	\$132,013	\$134,298
Delmar	105,240	107,036	109,321

Total Local Libraries	\$1,415,126	\$1,434,874	\$1,460,017

Economic Development

The Economic Development Department is responsible for attracting new business and encouraging expansion of existing businesses.

Objectives

- Evolve the Economic Development office's capabilities to be the Sussex County host, which includes inviting and responding to requests by potential businesses to visit the county
- Develop a strategy to market the Sussex County Airpark
- Begin marketing initiatives to bring new businesses to the airpark
- Collaborate with existing businesses to promote relocation of supply chains to Sussex County

Budget Highlights

FY 2015 budget's increase is 14,000, or 13 percent.

Security

The Security Department is to promote and maintain a safe and secure work environment in which Sussex County facilities are free of recognized hazards and unsafe conditions. The department is responsible to raise personal awareness and to protect the lives and property of employees and visitors to County facilities.

Objectives

- Ensure that security guards have the resources to execute their jobs successfully
- Implement Security Post Orders that give written instructions and expectations for security staff
- Continue to provide a safe and secure environment for employees and visitors to County facilities

Budget Highlights

FY 2015 budget's decrease is \$54,000, or 11 percent. This decrease is due to one less staff position compared to FY 2014.

Airport and Industrial Park

The Sussex County Airport and Industrial Park located in Georgetown serves all of Sussex County. The airport has two paved runways. The longest runway is 5,500 feet and accommodates large corporate jets. Plans are in place to extend the runway another 500 feet. The industrial park is home to 19 businesses that employ approximately 870 people.

Objectives

- Improve the marketing and branding of airport and industrial park facilities
- Ensure the public is provided safe and efficient use of the Sussex County Airport
- Oversee the development and maintenance of critical airfield infrastructure, such as pavements and lighting
- Manage lease agreements with airport and industrial park tenants that promote economic development, while complying with Federal and State statutes
- Implement and manage the requirements of the County's FAA Grant Assurances to ensure continued Federal funding of critical improvement projects
- Represent the County in state and national organizations, including the Delaware Aviation Advisory Committee and the American Association of Airport Executives
- Provide County staff liaison services to the Sussex County Airport Advisory Committee

Budget Highlights

FY 2015 budget's increase is \$161,000, or 32 percent. Initiatives to improve the marketing of the Sussex County Airport and Industrial Park include \$45,000 to hire a consultant to develop the needed strategies and \$30,000 in Programs and Projects for their implementation.

There is also an increase in Repair and Maintenance. In addition to the miscellaneous patching and asphalt paving, the largest expense is to replace 10 fire hydrants.

Community Development

It is the responsibility of Community Development to provide and manage annual grants and loans to finance housing rehabilitation, community facilities and public works improvements that serve low to moderate income residents in Sussex County.

Objective

Serve Sussex County households with housing rehab and hookups; all assisted households will have income levels below 80 percent of Area Medium Income and approximately half will be below 50 percent AMI

Budget Highlights

FY 2015 budget's decrease is \$58,000, or 3 percent. The budget has a decrease of \$77,000 in housing rehabilitations supported by the Federal housing programs. The decrease is partially offset by an additional part-time position to help with rehabilitation oversight.

Grant-In-Aid Programs

The County is, once again, partnering with local agencies and nonprofits to provide assistance to residents and property owners. These grants include funding for emergency services provided by local volunteer fire companies, which include fire protection and ambulance services, as well as local and state police. Grants are also given to various community organizations that help the youth, seniors and other county residents who are in need. The county has eleven independent locally operated libraries that also receive funding. These funds help the libraries maintain their operations.

Marriage Bureau

The Marriage Bureau issues marriage and civil union licenses, officiates Memorable Marriage and Civil Union ceremonies, and provides certified copies of marriage and civil union licenses issued in Sussex County.

Objectives

- Ensure licenses are available during business hours
- Perform ceremonies in a joyous professional manner
- Expand community information on services provided
- Increase Internet accessibility by considering the broadcast of marriage ceremonies

Budget Highlights

FY 2015 budget's increase is 11,000, or 7 percent. The increase is a result of health insurance costs.

Recorder of Deeds

The Recorder of Deeds Office is responsible for recording all documents pertaining to real estate in the county, including deeds, mortgages, tax liens, agreements, right-of-ways and survey plots. Other responsibilities include recording appointments, powers of attorney, military discharges, and Uniform Commercial Code financing notices.

Objectives

- Maintain expenses while continuing to accommodate the additional work flow produced by an improving economy
- Complete remaining work on online recording system with the County's Information Technology Department
- Be responsive to the needs of the public and legal community

Budget Highlights

FY 2015 budget's increase is \$23,000, or 2 percent. The increase is in Programs and Projects to perform scanning of old deeds going back 60 years.

	2013 Actual	2014 Budget	2015 Budget

Register of Wills

The Register of Wills Office is responsible for the efficient administration of all estates being probated in Sussex County. The Register of Wills grants authority to personal representatives to administer estates and is responsible for ensuring those administrations are carried out in compliance with Delaware Law.

Objectives

- Digitize records in a productive way
- Support electronic filing of documents
- Update software
- Continue to cross-train staff

Budget Highlights

FY 2015 budget's increase is \$52,000, or 11 percent. The increase is in personnel costs; during FY 2014, two part-time positions were added to help with back scanning.

	2013 Actual	2014 Budget	2015 Budget

Sheriff

The Sheriff's Office serves papers for the courts and holds Sheriff Sales for non-payment of taxes, mortgage foreclosures, plus all other court orders.

Objectives

- Keep budget at reasonable levels
- Ensure the proper processing of all court-related documents in a timely manner
- Process all Sheriff Sales in a timely and professional manner

Budget Highlights

FY 2015 budget's increase is \$50,000, or 8 percent. The increase is in Health Insurance and Small Tools. The Department must replace its handheld radios to be compatible with new frequency requirements.

	2013 Actual	2014 Budget	2015 Budget

Capital Improvements Governmental Fund

The Capital Improvements – Governmental Fund is used for acquiring and constructing major General Fund capital projects.

Objective

Continue to improve the County's infrastructure in an economical and efficient manner without acquiring General Fund debt

Budget Highlights

- Build two paramedic buildings in locations that best serves the residents and visitors of Sussex County
- Continue improving the pavement and electrical systems at the airport
- Design and improve the Woodland Park
- Obtain property surrounding the County's landfill sites
- Begin the purchase to replace the current Mobile Command Unit by partnering with Federal and State agencies
- Improve the Council Chambers to enhance citizen experience by upgrading the web, audio, and visual infrastructure
- Continue to improve the Administration and West Complex buildings to better serve the public
- Digitize County maps for compatibility with the County's website and ERP system and to preserve land use information
- Install roof at the Records Management Building
- Construct a data center to house the County's critical information technology systems

Capital Improvements

Funding Sources

The FY 2015 Budget, once again, is using appropriated reserves (prior year available funds) to fund the current year's projects. The goal is to use available funds to develop these projects instead of borrowing through bond issues. Appropriated reserves amount total \$1.8 million in the current year's budget. Federal Aviation Grant funding is available for 90 percent of airport eligible projects; current year funding is \$270,000. The State of Delaware provides grant funding for 5 percent of the airport-eligible projects and 30 percent of the paramedic-eligible projects. The current year's budget also includes direct funding from Realty Transfer Tax. The operating budget only budgets 80 percent of expected realty transfer tax collections. Anything over \$16 million will be deposited into the Capital Fund. The transfer is occurring to help offset the amount of appropriated reserves needed for the current year's projects and to maintain the fund balance for future projects.

	2015	2016	2017	2018	2019
Appropriated Reserves	1,763,485	1,883,600	1,671,050	2,555,300	2,427,000
Federal Aviation Grant	270,000	1,440,000	2,803,500	1,215,000	450,000
Investment Income	20,000	15,000	15,000	15,000	15,000

State of Delaware Grants					
Aviation	7,500	80,000	155,750	67,500	25,000
Bond Bill	100,000	-	-	-	-
Emergency Management	500,000	300,000	-	-	-
Paramedic	435,000	-	-	-	-
Total Funding Sources	\$7,095,985	\$3,718,600	\$4,645,300	\$3,852,800	\$2,917,000

Capital Improvements Expenditures

The Sussex County Airport is a vital part of the County's economy; therefore, \$2.7 million is appropriated for airport improvements and represents 37 percent of the Capital Budget. Improvements to the airport's existing facilities will, hopefully, retain and attract new customers to the airport. These improvements include Taxiway A & B enhancements and apron expansion.

Twenty percent, or \$1.5 million, is for the Paramedic Department. It is anticipated that two stations, 104 and 105, will be built and completed in FY 2015, which continues the goal to own medic stations rather than entering into lease agreements.

The Administration expenditures include upgrades to the Council Chambers, digitizing County maps, building a maintenance pole barn, as well as, upgrades to various other sections of the Administration, West Complex and Records Management buildings.

Engineering expenses include the purchasing of property around County landfills and improvements to the Woodland Park.

Capital Improvement Expenditures - continued

FY 2015 Capital Improvement budget's decrease is \$2.8 million, or 28 percent. The decrease is due to some of these projects being in their subsequent or final phase of completion, such as the ERP system, Greenwood Library, and the 4-22 extension projects.

Enterprise Fund Summary

Enterprise Funds are Sussex County's water and sewer districts. They operate in a manner similar to private business enterprises. However, they are not profit driven; they are intended to break even.

Objectives

- Operate and maintain the County's water and wastewater facilities in an economical and efficient manner
- Protect the natural resources by maintaining a high quality of effluent
- Continue oversight of the various capital wastewater projects
- Improve infrastructure to decrease infiltration and stabilize piping
- Continue to provide utility location services and water and sewer connection inspections to protect the integrity of the existing County owned utilities
- Provide utility construction inspection services to ensure projects are being constructed in accordance with Sussex County standards
- Expand the existing sanitary sewer district to satisfy the request of property owners, developers, and the Department of Natural Resources.
- Review and approve sewer concept plans as submitted for approval in an efficient and timely manner

Budget Highlights

FY 2015 budget's increase is 5 percent. County's water and sewer districts continues to grow. Equivalent Dwelling Units (EDU's) are anticipated to increase by 1 percent over FY 2014. EDU's, which is the unit of measure for the service charges, have increased 22 percent over the last ten years. The chart below visually shows this increase.

Enterprise Charges and Fees

Enterprise Fund revenue and funding sources are primarily derived from assessment charges, connection fees, and service charges. On the next five pages are descriptions of the three main types of charges, along with the fees for each district. Page 74 summarizes the annual charges per district.

Assessment Charges

Assessment charges are primarily used to recover the cost of bond payments and can also be used for system improvements and maintenance costs. Listed below are the assessment rates and average annual assessment amounts per district for 2015 and 2014. The 100' cap will still be applied to non-delinquent customers.

District	Assessment Rate per Front Foot		Average Annual Assessment	
	2015	2014	2015	2014
Angola Sewer	\$6.58	\$6.58	\$565.88	\$565.88

Woodlands of Millsboro Sewer	.42	.42	42.00	42.00

Service Charges

Service charges recover the cost of operating and maintaining the enterprise systems. These fees are billed using the Equivalent Dwelling Units (EDU's) unit of measure. Service charge revenues are projected to increase \$856,000, or 5 percent. The increase reflects the County's fifth year of a phase-in project of establishing a uniform service charge program and to make sure the service charge is covering the operating cost of the system. When completed, there will be a uniform sewer service charge rate for all sewer customers. The number of EDU's has also increased as the new customers continue to connect to the system from the recently completed new sewer systems. Listed below are the service charge rates for 2015 and 2014.

Per Equivalent Dwelling Unit (EDU)		
	2015	2014
Blades Sewer	\$281.82	\$281.82
Dewey Sewer - Proper	\$298.14	\$298.14
Dewey Water	\$305.76	\$305.76
Henlopen Sewer	\$487.15	\$487.15
Long Neck Sewer	\$273.43	\$258.43
Unified Sewer	\$278.00	\$270.00
Woodlands of Millsboro Sewer	\$808.00	\$808.00

Connection Fees

Connection fees are a one-time fee charged to new users connecting to the sewer or water system. The purpose of these charges is to recover the cost of transmission and treatment costs related to growth. In keeping with a unified district approach to the County's Sewer Fund, this year's budget includes recommending changing connection fees. These new charges are based on an independent consultant's review the connection fees.

Connection Fee Per Equivalent Dwelling Unit			
District	2015	2014	
Angola Sewer	\$ 4,100	\$ 3,724	
Bayview Estate Sewer	5,500	6,489	
Bethany Beach Sewer	5,500	4,935	
Blades Sewer	3,400	3,322	
Cedar Neck Sewer	5,500	4,935	
Dagsboro Frankford Sewer	6,800	6,800	
Dewey Sewer	4,100	3,705	
Dewey Water	1,100	1,030	
Ellendale Sewer	8,000	7,992	
Fenwick Island Sewer	5,500	5,268	
Henlopen Sewer	4,100	3,705	
Holts Landing Sewer - extensions	5,500	6,364	
Holts Landing Sewer – septic installation charge	2,626	2,567	
Johnson Corner Sewer	5,500	5,107	
Long Neck Sewer	4,100	3,795	
Miller Creek Sewer	5,500	5,248	
Millville Expansion Sewer	5,500	6,304	
Oak Orchard & Oak Orchard Expansion Sewer	4,100	3,727	
Ocean View Sewer Expansion	5,500	4,935

Enterprise Expenditures and Debt Service

Enterprise expenditures are categorized into four general areas. Administrative costs, which include clerical and engineering support, are incurred to assist the sewer and water operations staff, as well as Utility Planning and Utility Permitting Divisions. Operation and maintenance costs are the expenses associated with maintaining and operating the physical sewer and water systems. These systems include four wastewater treatment facilities, one water facility and tower, over 449 pump stations, and over 856 miles of pipe. Capital expenditures include routine capital items like pumping equipment, laboratory equipment, vehicles, generators, and improvements to the facilities. The budgetary debt service costs include both the principal and interest payment for assessment and treatment loans. The FY 2013 actual numbers only include the interest portion of the debt payment, which will correspond to the County's audited financial statements. The interest and principal payments are included in the budgetary numbers to assure that sufficient revenues are being charged to cover the debt payments.

Enterprise Fund Expenditures and Debt Service

Sewer Expenditures

The FY 2015 sewer budget-net of debt service cost-increased 9 percent, or \$1.6 million. Administrative costs increased by \$394,000, which continues the allocation of General Fund expenses that are generated by sewer activity. Operations and Maintenance increased \$231,000. The largest increase is for Other Professional Services for an electrical safety consultant. Capital increased \$977,000; the largest increase here is for Treatment Disposal to improve solid handling at the Inland Bays Regional Wastewater Treatment Plant.

Capital Improvements

Enterprise Fund

The Capital Projects Fund for the Enterprise Fund is to be used for acquiring and constructing major enterprise fund capital projects. Funding sources include intergovernmental grants, as well as loans, expansion and connection fees, and reserves. The current capital project expenditures are for new, expanded, and existing sewer and water systems.

Objectives

- Continue to improve and expand the County's wastewater infrastructure in an economical and efficient manner
- Provide existing users and future users with affordable sewer and water services by obtaining the best financing possible for infrastructure projects
- Improve various pump stations and force mains to enhance the efficiency and safety of the sewer system
- Continue to work on existing projects at West Rehoboth, Inland Bays Regional Wastewater Facility, Angola, Oak Orchard, Millville and the Route 26 area
- Expand the County's services to the Herring Creek area

Budget Highlights

Capital Improvements in the Enterprise Fund have decreased \$3.5 million, or 20 percent.

Fiduciary Fund

The Fiduciary Fund accounts for assets that are being held for a third party (pension participants) and cannot be used for activities, or obligations, of the County. The Fiduciary Fund includes the Pension Trust Fund and the Post-retirement Employee Benefit Trust Fund.

Fiduciary Additions and Deductions Budget Summary

Additions	
Employer Contributions	\$5,342,348
Investment Earnings (Net)	9,603,776
Total Additions	14,946,124
Deductions	
Beneficiary Payments	5,430,149
Net Increase in Plan Assets	\$9,515,975

The number of pensioners has increased over the years. There are currently 203 pensioners. Below is a graph showing the growth over the last five years.
