

Recommendations for Buffering Wetland and Stream Resources
Sussex County Wetlands and Buffers Working Group

NAME: _____

DATE: _____

Instructions: Please enter whether you think the current buffer for each resource should remain the same, increase, or decrease. You may provide any rationale for consideration in the “Notes” column. You may add additional resources in the remaining spaces if you choose.

Resource	Current Buffer Width (Feet)	Desired	Notes/Rationale
Streams			
Ephemeral	0		
Intermittent	0		
Perennial	50		
Tidal Waters	50		
Tidal Wetlands	50		
Non-Tidal Wetlands	0		

Please submit by 12:00 PM Friday, March 29th
