Administrator’s Report

Mr. Lawson read the following information in his Administrator’s Report:

1. **DelDOT 2021-2026 Capital Transportation Program**

   Sussex County invites the public to offer suggestions for the upcoming 2021-2026 Capital Transportation Program (CTP) request, which the County Council will submit to the Delaware Department of Transportation in September. Residents and property owners with ideas for improving local roads, pedestrian walkways, public transportation, and other related infrastructure and services can go onto the County’s website to submit their suggestions.

   Please visit [www.sussexcountyde.gov](http://www.sussexcountyde.gov) and click on the link to fill out a suggestion form, as well as to view last year’s County request. Submissions will be accepted now through August 2nd. County staff will review all suggestions and then compile a draft report for County Council’s review before submitting the final recommendation to DelDOT for their public hearing in September.

2. **Sussex County Aaa Bond Rating**

   On Friday, July 12, 2019, Moody’s Investors Service issued its Credit Opinion for Sussex County resulting in an increase in the County’s bond rating to Aaa, the highest rating score possible.

   The Credit Opinion highlighted the extremely strong financial position the County maintains and the conservative budgeting estimates the management team follows. Moody’s cited the County’s practice of only budgeting for 70% of what it expects to be collected from realty transfer tax in the current fiscal year and utilizing the excess funds for capital projects; and on the expenditure side, the fact that the County actively monitors its expenditures to generate operational savings.

   The credit for this great accomplishment goes to the County Finance Director, Ms. Gina Jennings, for her management of the County’s finances and oversight of its operations. Her practices are the reason for the County accomplishing a Aaa bond rating. Congratulations to Ms. Jennings and her staff. A copy of the Credit Opinion is attached.
3. Projects Receiving Substantial Completion

Per the attached Engineering Department Fact Sheets, the following projects have received Substantial Completion: The Estuary – Phase 1D-1A (Construction Record), effective June 25th; Seabrook (aka Deerbrook) – Phase 2, effective June 29th; and Ocean View Beach Club – Phase 3B Sewer, effective July 9th.

The Council found that Preston Dyer, a member of the Developer, was present with Mark Davidson with Pennoni Associates and Mason Dyer, a member of the Developer. Mr. Dyer stated that applications for garage studio apartments are special use exceptions and requests are usually heard by the Board of Adjustment; however, because the application is a proposed amendment to a RPC approval (Ordinance No. 2295), the application must be heard by the Planning and Zoning Commission and the Sussex County Council. Mr. Dyer stated that the application is for an amendment to the conditions of approval of Ordinance No. 2295 to allow for garage studio apartments; that there are 301 lots in the Captains Way subdivision which is zoned GR with a RPC overlay designation; that they are currently finishing the construction of Phase One and are proposing the sale of lot/home packages at $199,990.00; that the beginning prices accommodate the modestly priced housing market; that this project will target an active lifestyle community and will integrate the blending of generations which will benefit the elderly and those needing child care; and that there is a need for senior housing. Mr. Dyer discussed several rental options that would be available, i.e. non-market rentals and third party market rentals. Mr. Dyer referenced Ordinance No. 1959 and he stated that this is enabling legislation for accessory uses (garage/studio apartments with parking). Mr. Dyer stated that this proposal is for accommodation and not for profit, and that the proposal provides for affordable housing. Mr. Dyer reviewed qualifications which are in accordance with the Fair Housing Act and
Public Hearing/ CZ 1878 (continued) proposed restrictions, i.e. limited to at least a one year lease and owner has to live on the site and manage the lease. Mr. Davidson reviewed the proposed layout and engineering of the site and a typical garage/studio apartment floor plan. Mr. Dyer asked that the Council grant this Special Use Exception for all of the lots.

Ms. Cornwell stated that, if the application is approved, the Applicant will have to revise the site plan and the master plan; additionally, updated information will be requested from agencies.

Council members discussed with the Applicant the increase in density and the increased load on infrastructure.
