Mr. Abbott advised the Commission that this is the final record plan for a 152-lot cluster subdivision; that the Commission granted preliminary approval for Subdivision #2005 – 52 for 139 lots on July 27, 2006 and time extensions on August 15, 2007, July 16, 2008, August 19, 2009; that the Commission granted preliminary approval for a 13 lot expansion to Subdivision #2005 – 52 on June 16, 2010 and determined that the preliminary approval for both applications is valid for a three-year period; that the final record plan complies with the subdivision and zoning codes and the conditions of the preliminary approvals; and that all agency approvals have been received.

Motion by Mr. Johnson, seconded by Mr. Smith and carried unanimously to approve these applications as a final. Motion carried 4 – 0.

PUBLIC HEARING

Subdivision #2012 – 4 - - application of **MAIN STREET HOMES AT SUSSEX, LLC** to consider the Subdivision of land in an MR Medium Density Residential District in Lewes and Rehoboth Hundred, Sussex County, by dividing 19.71 acres into 32 lots, located at the end of Fairway Drive within Old Landing Development, approximately 1,950 feet west of Road 274 (Old Landing Road). (Tax Map I.D. 3-34-18.00-83.14).

Mr. Abbott advised the Commission that this application was previously reviewed as Subdivision #2003 – 27; that the Commission granted preliminary approval for 35 lots on April 14, 2005 and granted final record plan approval for the same on May 14, 2008; that the final record plan was never recorded therefore the final approval was voided; that the Technical Advisory Committee Report of November 15, 2012 is a part of the record for this application; and that an Exhibit Booklet was submitted as a part of this application.

Mr. Abbott read a letter from Chris Israel into the record expressing concerns about the existing fence along the boundary line of the site and the Old Landing Woods development.

Gene Bayard; Attorney, Jason Palkewicz, P.E. with Solution IPEM, and David Dombert of Main Street Homes were present on behalf of this application and stated in their presentation and in response to questions raised by the Commission that this application was previously heard as Subdivision #2003 – 27; requested that the record of Subdivision #2003 – 27 be made a part of the record for this application; that the previous application received preliminary approval for 35 lots in 2005 and received final approval in 2008; that the previous final record plan was not recorded within the sixty days as allowed by the Subdivision Ordinance; that the previous plan is depicted in Figure #4 of the Exhibit Book; that on-site wells and central sewer will serve the project; that a 20-foot forested buffer surrounds the perimeter of the new application; that a proposed pump station has been relocated into a wooded area on this plan; that this application is for 32 lots; that 3 lots were lost from the previous application due to the forested buffer requirements; that the proposed street design is similar to the previous plan; that this plan has “T turnarounds” instead of cul-de-sacs; that a new wetlands delineation has been performed; that no

lots are located within any wetlands; that the site is in character with the surrounding developments; that the items referenced in Section 99-9C of the Subdivision Code and the requirements of the Environmentally Sensitive Developing District Overlay Zone are addressed in the Exhibit Book and highlighted certain aspects of these; that the site contains approximately 43% open space; that County sewer is proposed; that there is adequate capacity for sewer; that there are no known historical features on the site; that the applicants will preserve as many trees as possible; that minimal lot clearing is anticipated; that the homes will be located to the front of the lots; that once construction commences, the chain-link fence will be removed; and there will be a buffer from the adjoining development; that there is a 50-foot buffer from all tidal wetlands; that the minimum lot size is 10,000 square feet as permitted by Code; that the proposed dwellings will be stick built and contain a minimum of 2,000 square feet; that a homeowners' association will be established; that Tab #15 of the Exhibit Book references the recorded easement for access to the site; that the Marshal family owns the street and contributes to the maintenance of Old Landing Drive; that chain-link fences will be prohibited by restrictive covenants; that the owners were not aware that the previous approved plan was not recorded; that this application has been designed by a different engineering firm; that the applicants will follow all current regulations; and that the storm water management approval may be grandfathered.

The Commission found that no parties appeared in support of this application.

The Commission found that John Hammett, Susan Delaney, Mark Hubbard, Isabell Benson and Debbie McDermott residents of Old Landing Woods were present in opposition to this application and expressed concerns about the maintenance of Old Landing Drive, new residents contributing to the cost of maintenance and repair of Old Landing Drive; that there needs to be a written agreement between the parties for the maintenance of the road; that construction vehicles will cause damage to Old Landing Drive; that they have concerns about the proposed restrictive covenants, types of homes that will be built; that property values should not be negatively impacted; that they have concerns about potential hours of construction; that there could potentially be problems between the different homeowners' associations; questioned the type of water and sewer that will serve the project; questioned who will build the homes; and questioned if there is any other access to the site.

In response to the questions raised by the opposition, the applicants stated that there is already a recorded easement agreement for the use of Old Landing Drive; that the applicants will be responsible for maintenance of Old Landing Drive; that the applicants are required to contribute to the maintenance of the street; that the applicants will meet with the residents of Old Landing Woods; that the proposed pump station has been relocated to a wooded area from the previous plan; that this plan is for 3 less lots than the previous approved plan; that one of the proposed streets may be redesigned to allow for a cul-de-sac; that on-site wells and central sewer are proposed; that there is adequate sewer capacity available according to the Sussex County Engineering Department; that the applicants plan to build the homes; and that lot/home packages will be offered.

At the conclusion of the public hearings, the Commission discussed this application.

Motion by Mr. Johnson, seconded by Mr. Smith and carried unanimously to defer action for further consideration. Motion carried 4 – 0.
