Re: Notice of Public Hearing
Application: Johnsonville 2006-39
Case No. 2020-20
Reducing Tree Conservation Easement from 100' to 50'

To Whom It May Concern:

I am writing in favor of reducing the Tree Conservation Easement in the Johnsonville Subdivision for Lots 2 – 16.

I have purchased Lot 7 and because of this easement, it is impeding on the size of my backyard. This restricts any additions of a deck, pool, covered porch, etc. that we are looking to add to our property.

My husband and I are 100% in favor of reducing this easement from 100' to 50'.

Thank you for your time and consideration.

Sincerely,
Jessica Realmonte and Jeff DeLia
