"Where our love is like Mom's"

20687 Coverdale Road
Bridgeville DE 19933

Introduction

Zion's Playground is a dream and life goal that provider, Latonya Bruce wanted since 2015. Now that it's open and functioning, the need for childcare is in high demand, expanding would be the answer to some family prayers.

I has raised 3 of her own children and always wanted to be a teacher, but owning her own business became a reality in 2020. She has an AA degree in business administration and completed TECE I and II. As a mother her self , trusting some one with your precious cargo is hard, and she know it all to well. As my motto on the first page of the presentation, I love and care for them as if they are my own.

Open 9/13/21 with 2 children 8wks and 4yrs old by 11/8/21 at full capacity (6) for Level I.

Currently we have 5 children in our program, ages 1yr old to 4yrs old.

*OCCL pre-inspection – indoor capacity measurement can accommodate up to 15 kids.

*Out door space has an front entrance that is fenced as well as the play area (600sq ft) fence in.

Testimonials

Our son Asher has been attending Zion's Playground since September 2021. We are very grateful for Ms. Tonya. We love the fact that we know when we drop him off he is in great hands.

She loves Asher and the other kids as her own. He has learned a lot of new things. He loves being able to explore new things. He especially loves playing outside in the play area. Thank you Ms. Tonya for all that you do.

Tonya is the best daycare provider I've ever had. She is very caring and patient with the children and treats them as her own. My son is always learning something new and loves the environment!

Whom This May Concern:

Our daughter To Whom This May Concern: Our daughter, Grace attends Zion's Playground Child Care, with LaTonya Bruce as the provider. We have two sons, 15 and 10, who never had to go to daycare, so you can imagine our fears, nervousness, and anxiety as we had no other choice for our daughter. LaTonya has built a loving relationship with our daughter. Grace goes right into her arms when we drop her off in the morning. She has learned how to walk, feed herself, recognize, "nose", "lip", "ear" and eye. She eats very well, plays outside, and is learning more and more each day, as she is only one years old. I'm very satisfied with LaTonya's care for our daughter.

*Sincerely,
Richard & Chesney West*
