**Discuss  
Extensions  
of Expiring  
Land Use  
Applications**

**Mr. Lawson and Mr. Moore continued the discussion on extensions of expiring land use applications which were previously discussed at the October 20th Council meeting. Mr. Moore reported that the sunseting regulation is set by ordinance and there is no procedure for granting extensions to the sunseting. Mr. Moore advised that it would be the best practice for the Council to consider a draft ordinance for possible introduction that would give the Council the authority to deal with applications for extensions on a case-by-case basis and that, as part of the application process, the developer would have to show that an extension is needed due to conditions beyond the his or her control. Mr. Moore stated that the draft ordinance will be prepared for consideration and possible introduction at the November 10th Council meeting.**

**Adminis-  
trator's  
Report**

**Mr. Lawson read the following information in his Administrator's Report:**

**1. Delaware Solid Waste Authority Reports**

**There were 44,477 pounds of recycled material received at the Recycle Delaware pods at the West Complex in Georgetown during the months of July, August, and September 2015. Attached are reports received for each month.**

**2. Catherine King**

**It is with sadness that we note the passing of County pensioner Catherine King on October 16<sup>th</sup>. Ms. King began her career with the Sussex County Call Board in August 1967 and retired from the Emergency Operations Center as an Administrative Secretary in September 1994. Ms. King worked for the Sussex County Call Board and Sussex County Emergency Operations for a total of 27 years. We would like to extend our condolences to the King family.**

**Public  
Hearing/  
Proposed  
Berzin  
Expansion  
of the  
SBSSD**

A Public Hearing was held to consider extending the boundary of the South Bethany Sanitary Sewer District to include the balance of parcels of a proposed subdivision known as Berzin and surrounding area. The parcels are contiguous to an existing sewer district boundary. The project has an approved Concept Plan for the residential portion of the project and will submit the commercial portion as they proceed. A portion of the project is already located in the sanitary sewer district. The entire annexation area is 45.34± acres. The developer has requested that the development be annexed. The project currently consists of 102 EDUs with a commercial portion. The project will be providing a connection point for three other parcels currently in the sewer district but not yet served. The developer and property owners will be responsible for system connection fees in the amount of \$5,775.00 per EDU.

Mr. Ashman reported that, to date, two calls have been received from residents: one in support (one of the parcels included in the district) and one in objection to the expansion (property owner is not within the proposed expansion but lives in the area); the objection is that the Council should not annex the property into the sewer district until the Town of Ocean View approves the project.

Public comments were heard.

Annette Reeping stated that she wants to make sure the process is followed comprehensively; that the Town of Ocean View and the Town of South Bethany are involved; that Double Bridges Road has no shoulders and is a dangerous road; that the size of the proposed development will add hundreds to thousands of cars on that road; that it is also a road that is on the bicycle path from Bethany Beach to Assaswoman State Park; that she is concerned about the safety of the community; that final plans for the development should be approved by the Town of Ocean View prior to submittal of a request for sewer service from the County; that the plans have not been finalized; that she is not opposed to the sewer district; and that she wants DelDOT to review Double Bridges Road and the safety of that road.

There were no additional public comments and the public record was closed.

Council discussed density and sewer capacity; questioned what would happen if the Town of Ocean View rejects the plans for the development; and noted that if Council approves this extension, it does not guarantee that the project will be approved by the town.

**Public Hearing/  
Berzin  
(continued)**      **Mr. Cole questioned granting sewer service to property when there are no approved plans for development.**

**Mr. Arlett stated that DelDOT needs to address the safety of Double Bridges Road.**

**The Public Hearing was closed.**

**M 538 15**      **A Motion was made by Mr. Arlett, seconded by Mr. Cole, to Adopt the Proposed Resolution entitled “A RESOLUTION TO EXTEND THE BOUNDARY OF THE SOUTH BETHANY SANITARY SEWER DISTRICT (SBSSD) TO INCLUDE ALL THOSE CERTAIN LOTS, PIECES OR PARCELS OF LAND, SITUATED ALONG COUNTY ROAD 361 (MUDDY NECK ROAD) AND COUNTY ROAD 363 (DOUBLE BRIDGES ROAD), AND BEING IN BALTIMORE HUNDRED, SUSSEX COUNTY, DELAWARE”.**

**Mr. Cole questioned if a vote could be delayed until it is determined what the Town of Ocean View’s decision is.**

**Mr. Arlett and Mr. Cole withdrew their Motions.**

**M 539 15**      **A Motion was made by Mr. Cole, seconded by Mr. Arlett, to defer action for one week on the Berzin Expansion of the South Bethany Sanitary Sewer District (for additional information from the Town of Ocean View).**

**Financial Report**      **Mrs. Jennings presented the Financial Report for the Quarter Ending September 30, 2015.**

**Request to Approve Advertise-ment of Property**      **Mrs. Jennings requested authorization to advertise the sale of a piece of real property on Springfield Lane in Georgetown that is owned by the County. She reported that the Council purchased parcel number 1-35-20.00-51.00 to establish a larger clear zone on the approach to Runway 4-22 at Delaware Coastal Airport. This larger clear zone is required by the Federal Aviation Administration should Runway 4-22 be extended to 6,000 feet. The parcel of land purchased included approximately 9.82 acres and a 3,900 square foot house. The property was purchased for \$705,576. The entire property is not required as clear zone. The County has subdivided the section not needed for the runway extension project. The new parcel, 1-35-20.00-51.00, Lot 4A, consists of 2.229 acres and a house. On May 29, 2015, Bay Country Appraisal Services provided a complete appraisal of the new parcel number, 1-35-20.00-51.00, at \$300,000.00. Per the County’s disposal policy, Administration has verified that the County has no other use for the**

**Kings  
Highway  
De-  
Annexation  
of the  
West  
Rehoboth  
Expansion  
of the  
DBSSD**

Buddy Lynch, GIS Specialist, presented a request to prepare and post notices for the Kings Highway de-annexation of the West Rehoboth Expansion of the Dewey Beach Sanitary Sewer District to exclude three parcels that are currently in the District but not served. Mr. Lynch noted that the County has no immediate schedule to serve the parcels. The County was contacted by an Attorney representing the owner of one of the parcels inquiring about sewer service from the County and was informed that there is no immediate plans to serve the area; the Attorney then asked about connecting to the Lewes Board of Public Works. The County contacted Lewes Board of Public Works and they acknowledged that they can serve the parcels. A letter requesting de-annexation was sent to the County. All three property owners were notified by the County; to date, no response has been received. Mr. Lynch reported that a Public Hearing has tentatively been scheduled for December 15, 2015.

**A Public Hearing was held on the Proposed Ordinance entitled “AN ORDINANCE TO GRANT A CONDITIONAL USE OF LAND IN AN AR-1 AGRICULTURAL RESIDENTIAL DISTRICT FOR USED CAR SALES TO BE LOCATED ON A CERTAIN PARCEL OF LAND LYING AND BEING IN SEAFORD HUNDRED, SUSSEX COUNTY, CONTAINING 1.3 ACRES, MORE OR LESS” (Conditional Use No. 2031) filed on behalf of East Coast Auto, Inc. (Tax I.D. No. 531-11.00-40.00) (911 Address: None Available).**

**The Planning and Zoning Commission held a Public Hearing on this application on September 24, 2015 at which time action was deferred. On October 15, 2015, the Commission recommended that the application be approved, with the following conditions:**

- A. The hours of operation shall be from 9:00 a.m. to 6:00 p.m. Monday through Saturday.**
- B. One lighted sign, not to exceed 32 square feet per side, shall be permitted.**
- C. Security lighting shall be downward screened and shall be directed away from neighboring properties and roadways.**

- J. The Final Site Plan shall be subject to the review and approval of the Sussex County Planning and Zoning Commission.**

**(See the minutes of the Planning and Zoning Commission dated September 24 and October 15, 2015.)**

**Lawrence Lank, Director of Planning and Zoning, presented a summary of the Planning and Zoning Commission's Public Hearing and recommendation of approval.**

**The Council found that Ron Johnson was present on behalf of his application. He stated that the property has been in the family for many years; that there is an auto sales lot on the adjacent property that he previously owned for 40 years; that he has had no complaints from the neighbors in the past; that he would like to operate an auto sales lot on this property; that the existing detached garage with a 2-bay garage will be used for a sales office; that there is ample parking behind the building; that cars will be parked along Stein Highway and down the side property line; and that he only proposes to perform light repairs on vehicles he has for sale.**

**Mr. Lank noted that the plan shows 14 cars; however, the Commission felt that 12 was adequate with 5 additional vehicles allowed to be parked on the site in preparation for the sales lot.**

**Mr. Lank advised that a parking requirement for automotive display is a 25 foot setback.**

**Public comments were heard.**

**Paul Reiger stated that he is in favor of the application except for the way the conditions were written and he referenced a similar application heard by the Planning and Zoning Commission and the Sussex County Council.**

**There were no additional public comments and the Public Hearing was closed.**

**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE TO AMEND CHAPTERS 99 AND 115 OF THE CODE OF SUSSEX COUNTY TO ALLOW APPLICANTS TO SEEK AN EXTENSION OF TIME FOR APPROVALS FOR SUBDIVISION APPLICATIONS, CONDITIONAL USE APPLICATIONS, AND RESIDENTIAL PLANNED COMMUNITY DISTRICTS UPON WRITTEN REQUEST.**

**WHEREAS**, the Sussex County Council has the power to develop, adopt, amend, and revise its Subdivision and Zoning Ordinances as it shall deem necessary in order to preserve and protect the public health, safety, morals, beauty and good appearance of Sussex County and to provide for the orderly growth thereof; and

**WHEREAS**, the Sussex County Council has adopted Subdivision and Zoning Ordinances and a Comprehensive Land Use Plan in order to provide for the regulation and orderly approval of residential, commercial, and industrial uses with Sussex County; and

**WHEREAS**, on August 9, 2011, the Sussex County Council adopted Ordinance No. 2208, which extended all subdivision, Residential Planned Community and conditional use approvals as set forth therein; and

**WHEREAS**, on January 15, 2013, the Sussex County Council adopted Ordinance No. 2288, which again extended all subdivision, Residential Planned Community and conditional use approvals as set forth therein; and

**WHEREAS**, the Sussex County Council continues to be concerned that the approvals and/or permits that have been granted by it and the County Planning and Zoning Commission may lapse due to delays prompted by circumstances outside of the applicant's or County's reasonable control; and

**WHEREAS**, the process of obtaining approvals and/or permits can be difficult, time consuming, and expensive for both the applicants and the County Government; and

**WHEREAS**, approvals and/or permits could be difficult to extend, renew, or re-obtain once lapsed or expired; and

**WHEREAS**, the Sussex County Council deems it appropriate to allow applicants to seek up to a six-month extension of subdivision, Residential Planned Community, and conditional uses approvals in certain circumstances as set forth below; and

**WHEREAS**, after consideration of the relevant factors in accordance with the procedures of this Ordinance, the Director of the Sussex County Planning and Zoning Department shall send a written recommendation to Sussex County Council regarding whether to

grant an extension to the applicant up to six months, and Sussex County Council shall then render the final decision whether to grant an extension to the applicant; and

**WHEREAS**, Sussex County Council therefore wishes to adopt the following County Code amendments.

**NOW, THEREFORE, THE SUSSEX COUNTY COUNCIL HEREBY ORDAINS:**

**Section 1:** The Code of Sussex County, Chapter 99, Article II, Section 99-9B is hereby amended by the addition of the underlined language as follows:

- “B. Tentative approval of a subdivision plat shall be valid for 36 months. Unless a final plan, in accordance with the approved preliminary plat, including any required changes or modifications, and in accordance with all other applicable provisions, shall be filed with the Commission's staff within 36 months from the date of action of the preliminary plat, the Commission's action thereon shall be deemed canceled. An extension of this time period may be sought in accordance with § 99-40F.”

**Section 2:** The Code of Sussex County, Chapter 99, Article VIII, Section 99-40A is hereby amended by addition of the underlined language and deletion of the strike-through language, as follows:

- “A. Unless an extension is granted in accordance with § 99-40F below, any ~~Any~~ major subdivision approval granted by the Commission subsequent to the effective date of this section shall be rendered null and void if substantial construction is not commenced thereon within five years of the date of recordation of the final plat pursuant to § 99-11.

**Section 3:** The Code of Sussex County, Chapter 99, Article VIII, Section 99-40 is hereby amended by the addition of the following underlined language as subsection (F):

- “F. The applicant of any preliminary subdivision plat under § 99-9B, and any recorded subdivision plat valid under § 99-11 and § 99-40; any Residential Planned Community District valid under Article XVI of Chapter 115 of the Sussex County Code; or any conditional use action approved and valid pursuant to the provision of Article XVI, Article XXIV, and Article XXVIII of Chapter 115 of the Sussex County Code and relating to new residential, commercial, or industrial developments may seek up to a six-month extension of said approval pursuant to this § 99-40F.

- (1) Prior to the expiration of its current approval, any applicant holding a currently valid approval as set forth in this § 99-40F may request an extension up to six months for the validity of said approval. The six-month period shall commence upon the date of expiration of the current approval. Such a request must be in writing and delivered to the Director on or before the expiration date of its current approval. At a minimum, the written request must include the following information:
  - (a) A schedule or plan for the project describing the steps that have been completed through the date of the extension request and describing the remaining steps to be completed. For any steps that remain outstanding, the applicant is to provide the anticipated time frame for completing those remaining steps.
  - (b) A detailed explanation of the reasons in support of the applicant's request for the time extension. Applicant is to include an explanation of whether such reasons were within the applicant's reasonable control. Examples of reasons beyond the applicant's reasonable control, include but are not limited to, undue delays in receiving regulatory approvals, litigation affecting the progression of the project, third party economic restrictions of an extraordinary or unreasonable nature, or delays caused by significant medical or health issues impacting applicant's key stakeholders.
  - (c) For subdivisions with recorded final plats that are valid in accordance with § 99-11 and § 99-40, a specific schedule and plan demonstrating that the improvements on the subdivision plat will be "substantially constructed" within six months of the expiration of the current approval.
  - (d) For conditional uses, a specific schedule and plan demonstrating that the construction or use will be "substantially underway" within six months of the expiration of the current approval.
- (2) The Director, after consultation with and input from other County departments or public agencies as the Director sees fit, shall consider any written request and the accompanying documentation submitted pursuant to this § 99-40F. Time extensions shall be recommended to Sussex County Council by the Director only upon a finding that all of the following criteria have been met: (i) that the approval constitutes one of the approvals defined in the first paragraph of this § 99-40F; (ii) that the request for said extension was timely filed; (iii) that all of the information required herein has been supplied; (iv) that there is good cause for the granting of the requested extension; (v) that necessity for

the extension is due primarily to reasons beyond the reasonable control of the applicant, such as undue delays in receiving regulatory approvals, litigation affecting the progression of the project, third party economic restrictions of an extraordinary or unreasonable nature, or delays caused by significant medical or health issues impacting applicant's key stakeholders; (vi) with respect to subdivisions with recorded final plats that are valid in accordance with § 99-11 and § 99-40, that there is a reasonable plan and schedule demonstrating that the improvements set forth on the subdivision plat in conformance with Chapter 99, Article VI of the Sussex County Code will reach "substantial construction" within six months; and (vi) with respect to a conditional use under Chapter 115, Article XXIV of the Sussex County Code, that there is a reasonable plan and schedule demonstrating that the construction or use shall be "substantially underway" within six months.

- (3) After consideration of the relevant factors in accordance with this § 99-40F, the Director shall make a written recommendation whether to grant an extension to the applicant. This recommendation will be provided to Sussex County Council, who shall render the final decision whether to grant an extension to the applicant for up to six months from the expiration date of the current approval."

**Section 4:** The Code of Sussex County, Chapter 115, Article XXIV, Section 115-174 shall be amended by the addition of the following underlined language:

"Approval of a conditional use under this article shall be valid for a period of three years after the date of approval and thereafter shall become null and void unless construction or use is substantially underway during said three-year period. Any conditional use shall expire upon abandonment or expiration of the use. Construction shall be deemed to be "substantially underway" if the right-of-way has been cleared, the roadways, internal streets and/or parking areas have been rough-graded, the drainage system and/or stormwater management facilities have been rough-graded and erosion and sediment control measures are in place and being actively maintained. In a case where no new construction is required to implement the approved use, the use shall be deemed "substantially underway" if the activity permitted by the approved conditional use is actively underway. "Abandonment" shall mean that the subject parcel remains idle or unused, or that no construction activity is actively underway, for a continuous period of two years, whether or not equipment or fixtures are removed. An extension of this time period may be sought in accordance with § 99-40F."

**Section 5:** The Code of Sussex County, Chapter 115, Article XXVIII, Section 115-218F shall be amended by the addition of the following underlined language:

“F. A preliminary site plan for an RPC shall be valid for the period of time set forth in § 99-9B of Chapter 99, Subdivision of Land. A final site plan for an RPC shall be valid for the period of time set forth in § 99-40A of Chapter 99, Subdivision of Land. An extension of these time periods may be sought in accordance with § 99-40F.”

**Section 6:** This Ordinance shall become effective upon its adoption by a majority of all members elected to the County Council of Sussex County.

I DO HEREBY CERTIFY THAT THE FOREGOING IS A TRUE AND CORRECT COPY OF ORDINANCE NO. \_\_\_\_\_ ADOPTED BY THE SUSSEX COUNTY COUNCIL ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_\_\_.

Mr. Todd F. Lawson, County Administrator  
Sussex County  
2 The Circle  
P.O. Box 589  
Georgetown, Delaware 19947

Dear Mr. Lawson:

A recent ruling by the Delaware Superior Court in *Baker, et al. v. DNREC, et al.* (C. A. No. S13C-08-026 THG) on October 7, 2015 invalidated the 2013 and 2014 version of the Delaware Sediment & Stormwater Regulations on procedural grounds. In its decision, the Court ruled that supplementary technical documents that contain guidelines, standards and requirements necessary for compliance must be treated the same as regulations, and must therefore be adopted in accordance with the Administrative Procedures Act (APA). The Department issued Emergency Regulation Order 2015-WS-0040 on October 15, 2015 including both the 2014 Sediment and Stormwater Regulations and the latest version of the Technical Document, dated October 2015, as regulation to correct the procedural flaw.

Following the Emergency Regulation Order, the Department enters the regulatory development process to formalize the regulations. The regulation development process must be completed prior to expiration of the emergency regulations which are effective for 120 days from the date of the Emergency Regulation Order, with a possible one-time 60-day extension.

We are requesting the participation of one of your key staff in serving on the Delaware Sediment and Stormwater Regulations Regulatory Advisory Committee to review the proposed regulation prior to submittal to the State Register of Regulations. The group of individuals that I am asking to serve on this committee represents those with regulatory interest as well as technical expertise. I hope that you will accept my invitation to provide staff to this committee in serving the citizens of Delaware as we strive to protect the natural resources of the state.

The Regulatory Advisory Committee meeting is scheduled for Tuesday, November 10, 2015, beginning at 9am at the Kent County Administration Building, 555 Bay Road, Dover, DE 19901. Please have your staff designee contact Elaine Webb with the Division of Watershed

The seal of Sussex County, Delaware, is a circular emblem. The outer ring contains the text "SUSSEX COUNTY DELAWARE" at the top and "1683" at the bottom. Inside this ring is a smaller circle with "SUSSEX" on the left and "WILLIAM" on the right. The center of the seal features a shield with a landscape scene, including a tree and a building. The shield is flanked by ornate scrollwork.

# Sussex County Human Service Grant Program

Fiscal Year 2016

## Human Service Grant Purpose

Grants to countywide non-profit agencies for the purpose of enhancing health and human services, which contribute to a safe, healthy and self-sufficient community. Funds provide grants that assist organizations with resources in support of programs or capital purchases.

## Process

- Organizations submitted application online
- Finance reviewed
  - Non-profit status
  - Scope of request
- Finance created a formula, based on number of beneficiaries and need, to best utilize the grant funds

## Formula to Distribute (Budget of \$200,000)

Sussex County Beneficiary Criteria	Base Grant Amount	Additional Amount if need is greater than \$10,000	Maximum Grant Amount
Less than 100 Beneficiaries	\$1,000	\$500	\$1,500
Between 100 and 200 Beneficiaries	\$1,250	\$525	\$1,775
Between 200 and 400 Beneficiaries	\$1,500	\$525	\$2,025
Between 400 and 1,000 Beneficiaries	\$2,000	\$525	\$2,525
1,000 or more Beneficiaries	\$2,500	\$550	\$3,050

All organizations were capped at their demonstrated need

All Boys & Girls Clubs \$1,550

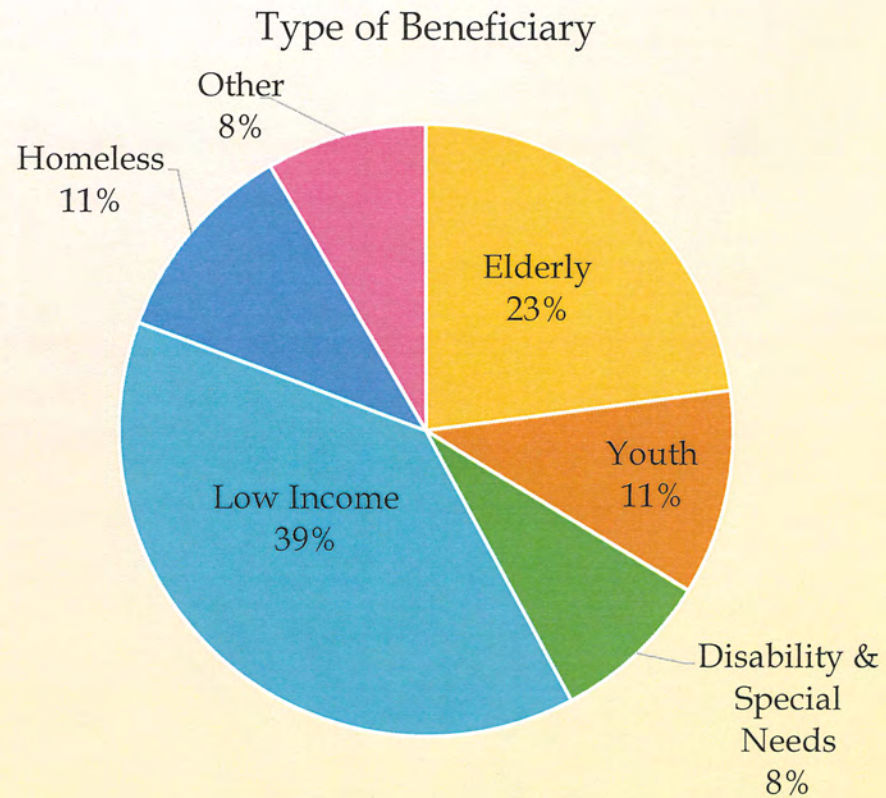

All CHEER & Senior Centers \$5,000

Meals on Wheels \$6,000

# Application Statistics

- Received \$455,049 in requests from 83 qualified organizations
- 203,612 Sussex County beneficiaries
- Organizations raise approximately \$8.5 million of other types of support for these projects

## Berzin Annexation Fact Sheet

### Follow Up to Council

- Spoke to Charlie McMullen at the City of Ocean View on 11/6/15. He notified us that the plan has Preliminary Site Plan Approval through the town.
- The ability to be connected to Sanitary Sewer is a condition of approval for the town, the same as DNREC or DelDOT comments. So our Concept Plan Approval would be required for the Town of Ocean View to approve a project.
- He stated that an approved Concept Plan of from Sussex County Engineering in no way guarantees that a plan will be approved by the Town of Ocean View.

Buddy,

Your approval of a sewer district annexation and/or a sewer concept plan does not guarantee Town approval for the project but sewer capability is one of the requirements for project approval. The project, being reviewed under application P-282, received preliminary site plan approval by the Town of Ocean View Planning and Zoning Commission on September 17, 2015. Minutes of that review are attached.

Mr. McMullen,

Can you please provide me an update of where the above mentioned project sits in the approval process for the Town of Ocean View. We took a sewer district annexation request to the County Council this past Tuesday and they delayed the approval for 1 week in which time we were directed to contact the town to see if the project has been approved by you. A resident on west end of Double Bridges came in to our public hearing to speak against the project. Her concern was if we approved a sewer district annexation it would guarantee approval by the Town of Ocean View for the project. So can you please let us know where it falls in your approval process and can you also give me a written acknowledgement that a sewer district annexation and a sewer concept plan approval by Sussex County does not guarantee an approval of the subdivision by the Town of Ocean View.

Thank you,  
Buddy

**PLANNING AND ZONING COMMISSION  
MEETING MINUTES  
September 17, 2015**

**1.** Chairman Gary Meredith called the meeting to order at 7:00 p.m. with the Pledge of Allegiance. Commission Members Meredith, Wichmann, Damiano, Smith, and Sharpe were in attendance. Town Solicitor Dennis Schrader, Town Administrative Official Charles McMullen and Town Clerk Donna Schwartz were also present. The meeting was held in the Ocean View Town Hall, 32 West Avenue. .

**2. COMMISSION BUSINESS – none**

**3. APPROVAL OF AGENDA**

A motion was made by Mr. Smith, seconded by Mr. Wichmann, to approve the agenda. The motion carried unanimously 5/0.

**4. APPROVAL OF MINUTES**

A motion was made by Mr. Wichmann, seconded by Mr. Smith, to approve the July 16, 2015 minutes as presented. The motion carried unanimously 5/0.

**5. NEW BUSINESS**

**A. Application P-294 – 3 & 5 Captain's Court**

**B. Application P-295 – Ordinance to amend Article III, Chapter 187**

**6. OLD BUSINESS**

**A. Application P-282 – S/RD 361 Parcel B and SW Corner SRD's 363 & 364 Muddy Neck and Double Bridges Roads.**

Mr. Meredith read the public notice for this application. The Commission will review a Preliminary Land Development Plan on Application P-282, submitted by The Evergreene Companies on behalf of the property owners Raze Properties, LLC and Sigurd Berzins – Trustee, to create a community with fifty (50) single family lots and an area set aside for future commercial development on land zoned MXPC (Mixed Use Planned Community), located at S/RD 361 Parcel B and SW Corner SRD's 363 and 364 – Muddy Neck and Double Bridges Roads (PIDN: 410.000 / Sussex CTM#: 134-17.00-30.03 and 134-17.00-30.04) Mr. McMullen read his overview of Application P-282. He said the applicant is before the Commission this evening for the review of a preliminary land development plan for a parcel located at the corner of Muddy neck and Double Bridges Roads. The parcel was annexed into the Town on March 9, 2011 by Ordinance 271 that became effective April 11, 2011. It was zoned Mixed Use Planned Community (MUPC) that allows for a mix of commercial and residential as

outlined in §140-49. The Commission reviewed the Concept Plan for this project on July 18, 2014 at which time the applicant proposed the following:

- 51 Townhomes
- 30 Single family homes
- 1 lot for amenities
- 1 lot for a commercial site

The plan has changed from what was proposed during the concept plan and I have confirmed through the Office of State Planning that they require no additional review. The applicant is now proposing:

- 50 single family lots
- 1 lot for amenities
- 1 lot for commercial use

A preliminary land development plan is defined as “a detailed map showing the proposed layout of a site, parcel, tract, land, property, or residential planned community submitted for preliminary approval.” It is required to comply with a number of the Land Use and Development Chapter of the Town Code (LUDC) sections of the Code. A review of each section is included below indicating those requirements that have not been addressed:

**E. Plan Contents** – The preliminary development plan shall include the following:

- (5) The current names of all abutting landowners or subdivisions, and the names of the owners of all adjacent unplotted land;
- (9) Location and elevation of the datum used shall be known, established USC&G benchmark;
- (10) All existing water lines, fire hydrants, utility transmission lines, culverts, bridges, railroads, watercourses, easements, rights-of-way and other significant man-made or natural features within the proposed subdivision and within 100 feet outside the boundaries of the proposed subdivision or land development;
- (13) Proposed development, including:
  - a) Location and width of all streets and right-of-way, with a statement of any conditions governing their use; (*note for minimum 50' ROW should be provided*)
  - b) Suggested street names. These should be in conformance with the provisions of §185 and coordinated with Sussex County 911 Addressing and Mapping Department;
  - c) Utility easement locations;
  - g) A statement of the intended use of all nonresidential lots and parcels and acreage of such lots or parcels;
  - h) Sanitary and storm sewers (and other drainage facilities), with the grades, size and material of each indicated, and any proposed connections with existing facilities;
  - i) Parks, playgrounds, and other areas dedicated or reserved for public use, with any conditions governing such use;
  - j) Stormwater management plan, and erosion and sedimentation control plan;
  - k) Proposed landscaping and lighting;
  - l) Proposed sidewalks and walkways;
  - m) Demarcation of existing vegetation “to remain” or “to be removed.” MAY NOT EXIST

- (19) Source of title;
- (20) Total site gross and net acreage;

**F. Supplemental Data** – The preliminary plan shall be accompanied by the following information.

- (1) Preliminary Improvement Construction Plan, containing the following data.
  - a) A preliminary plan for the surface drainage facilities of the tract to be developed including stormwater runoff calculations for the water shed and entire property being developed, and showing the proposed method of accommodating the anticipated runoff, all soils mapping and soil data.
- (2) Wetlands report – Wetlands delineation and wetlands mitigation plan prepared by a Delaware registered engineer, surveyor, biologist, or other environmental scientist with experience and qualifications in wetlands delineation prepared pursuant to Article II, §116.
- (3) Floodplain Delineation and Management Plan – A plan for the management of special flood hazard areas defined under “Flood Damage Reduction” in §116.
- (4) Such plan shall comply with the applicable standards in §116.
- (5) Source Water Protection – An Environmental Assessment Report prepared pursuant to Article III, §116. *If applicable*
- (6) Traffic Study – Operational analysis report prepared by a Delaware registered engineer with experience and qualifications in the preparation of operational analysis and traffic impact studies. *Required by DelDOT letters dated 02/04/15 & 02/11/15.*
- (7) Title Search – Title Search of the pertinent property that included at least ownership of the property, easements, deed restrictions and other similar information.

**G. Additional Information** – The Planning and Zoning Commission may request any additional needed to make an informed decision.

**H. Referrals to Other Agencies** – Each preliminary development plan shall be referred to the following agencies and departments:

- (1) Sussex Conservation District – *required to provide approved plan prior to final review;*
- (2) Water provider; *required to provide approved plan prior to final review;*
- (3) Sewer provider - *required to provide approved plan prior to final review;*
- (4) DelDOT – *Letter of No Objection required;*
- (5) Sussex County 911 Addressing; *will be completed prior to final review*
- (6) State Fire Marshal’s office; *sign off for site required*
- (7) Electricity provider; *DPL provided a willing able to serve letter during annexation*
- (9) DNREC;
- (10) Army Corp of Engineers; *letter noting whether the Corps has jurisdiction*
- (11) Town Engineer; *Report provided.*

**I. Review and Approval.**

- (1) Before taking action on a Preliminary Development Plan, the Planning and Zoning Commission shall allow sufficient time the Office of State Planning Coordination, departments, and agencies to comment on the plan.

- (2) The Planning and Zoning Commission may approve a preliminary development plan with conditions.
- (3) The applicant is responsible for demonstrating, to the satisfaction of the Planning and Zoning Commission, compliance with conditions as a prerequisite to sending a preliminary development plan to the Town Council for final development plan approval.

The Code allows for a maximum of four (4) dwelling units per gross tract area and requires minimum open space of 40% of the gross tract area. The proposed lots for dwelling units presented in this preliminary plan are well within the maximum allowable and the open space exceeds the minimum required by .9%, although the applicant should provide clarification of the numbers shown in the site data on the cover sheet. These parcels lie within the AE-6 flood zone with a LIMWA (limited wave action) as delineated on the current FEMA maps dated March 16, 2015. This should be inclusive in the existing Flood Zone Note.

A point noted with the concept plan that has not been addressed is:

- Access to the community from Double Bridges Road

The Town Engineer has provided a review that is included with this overview as well as applicable copies of the Code.

Additional comments and requirements:

- Please explain compliance with §140-51 of the LUDC;
- Wetlands delineated as running through lots 7, 8, 9, 10 and adjacent roadway as well as lots 24 and 25;
- Delineation of 25' wetland buffer;
- Wetlands certification signature block required;
- Interconnectivity between residential and commercial;
- Please explain ability to develop required commercial area that includes extensive wetlands;
- Please explain abandonment of 50' easement that runs behind lots 33 to 35 and out to Muddy Neck Road;
- Required parking (2per dwelling unit in addition to garage space) should be indicated in notes;
- Overflow parking in residential developments as required by §140-59-E(2) not shown;
- Compliance with §140-73, §140-74, §140-75, §140-79 and Article XIII of the LUDC required;
- Compliance with §187 required;
- Passive open space.

Following his overview Mr. McMullen read the detailed report of Mr. Lober, of Kercher Engineering. Mr. Loper stated that based upon their review they find the preliminary plan acceptable and offered the following comments to the Planning and Zoning Commission:

**Floodplain:**

1. The entirety of the site lies within a FEMA –zone AB – 100-year floodplain – elevation 6. The project will be required to comply with Sections 116-3, 4 and 5 regarding environmental protection of floodplains.
2. The interpretation has been made that the existing watercourses on-site are considered to be “man-made”, and therefore do not qualify as “natural channels”. Therefore the following comment from our concept review letter is no longer applicable.
  - a) Section 140-79-B-2 requires all natural channels to be located in public open space and covered by an easement sized to encompass the limits of the 100-year

floodplain. This requires that public open space be created for all of the natural channels that traverse the site and an easement created to cover the 100-year floodplain. Only the area outside of the easements, and, therefore, the floodplain, maybe subdivided into lots. As the entire site lies within the floodplain, the current layout shown on the plan is unacceptable. Two alternatives exist.

- i. The developer may pursue a conditional letter of map (CLOMR) in accordance with FEMA requirements. A subdivision plan reflecting a revised 100 year floodplain boundary and appropriately sized easement based on an approved CLOMR could then be reviewed by the Town; or
- ii. The developer may pursue a variance from the Town Code for relief of the easement requirement.

Until one of those two options is completed, the plan cannot be deemed code complaint.

**Drainage:**

1. The property is bordered to the south by the Little Bay tax ditch. Information regarding the easement specific to that portion of the tax ditch should be obtained from DNREC and incorporated into the plan.
2. Provide design calculations in accordance with the code for all of the drainage systems on-site, including both open and piped conveyance networks and the culvert under the proposed entrance. (Sections 132-6, 132-7, 132-8 & 140-104)

**Grading:**

1. The minimum slope on paved areas and roads is 0.5%. The minimum slope on pervious surfaces is 1%. (Sections 132-2-F & 140-104)
2. Provide grading plans including all of the required detail as outlined in §132 of the Town Code.

**Stormwater Management:**

1. Provide a full stormwater management analysis and design report, including design details for all stormwater management facilities in accordance with code requirements. (Section 140-104)

**Streets and Sidewalks:**

1. Provide street and sidewalk design in accordance with §187.

**Miscellaneous:**

1. Ensure that the open space provided meets the requirements of Section 149-71.

Mr. Josh Mastrangelo, Evergreene Companies, spoke on behalf of Raze Properties and Sigurd Berzins Trustee. He responded to some of the items Mr. McMullen listed as missing or incomplete and updated the Commission on the project. He said one of the changes on this plan is there are less units than the previous plan. Now there are 50 single family units and no townhomes. He also said that they succeeded in avoiding the wetlands. The project will be done in phases.

Mr. Mastrangelo stated they prefer not to include an entrance from Double Bridges Road to avoid use as a shortcut. He said they have an approved sewer concept plan and will have to build a "shared use" path on Muddy Neck Road. The development will have sidewalks on both sides of the street and privacy because the houses will back-up to open space.

Mr. Mastrangelo said there will be 18 different facades to choose from. He said there will be no commercial at this time, it will be a future phase. Open space accounts for 40% including recreational areas. He said there will be buffers around the entire community. Each unit will have two parking spaces and there will be overflow parking near the recreational center.

Mr. McMullen asked if there was any planned inter-connectivity between the commercial and the residential sections. Mr. Mastrangelo said they were still working on some sort of connectivity. Rick Seifert, Clearwater, questioned whether the drainage outflow would be maintained. He also questioned when the plan would be available a final site plan. Mr. Mastrangelo stated there were no proposed plans to change the outflow.

*A motion was made by Mr. Wichmann, seconded by Mr. Smith, to approve the preliminary site plan with the conditions that Mr. McMullen's comments and Kercher Engineering's comments as noted be addressed. The motion carried unanimously 5/0.*

## **7. ADJOURNMENT**

A motion was made by Mr. Damiano, seconded by Mr. Smith, to adjourn the meeting at 8:00pm. The motion carried unanimously 5/0.

Respectfully submitted,  
Donna M. Schwartz

Re: Projects and Program

### **Proposal: Background information and description of organization's activities**

#### **Background Information**

DCUSA is a group of people from all ages affiliations that strive to develop and cultivate the human potential of self-esteem and dignity for all people. We practice the principles of love, caring inclusiveness, justice and peace to enhance the emotional physical and social well being of individuals and families in our communities.

Since 1986, DCUSA has provided a means for residents in local low-income communities to move from dependence towards independence. For over a decade DCUSA has provided services to single adolescent parents, youth at risk for negative life outcomes, pregnancy, disease, crime, poverty and those who are education deprived. DCUSA is a catalyst in which persons in the community will be able to acquire their education and everyday life skills from our programs.

The mission of DCUSA Inc. Foundation:

- \* To improve self-esteem in the community.
- \* To decrease illiteracy.
- \* To help decrease child abuse.
- \* To increase the knowledge and technology skills.
- \* To decrease juvenile crime, alcohol and drugs within the area.
- \* To curtail those individuals who are low-income and disadvantaged to improve or enhance their lives.

**The Computer World Program** is designed to educate/train youth as young as 10 years of age and up on the basic fundamental skills of the proper way in using a computer. To elaborate on some of the things our students become knowledgeable in is: Mouse, modem and keyboard basics, basics of files and folders, computer dictionary, basics of menus, buttons and windows, basics of working with written text documents, how to avoid 5 common & costly computer mistakes. Followed by a mini-course on learning to type. We also train our students on the entire Microsoft office suite and show them how to properly use the internet to job seek, do research and be safe while doing so.

**The After School Program** is designed to assist with providing education after-school for children that struggle with reading, writing or math skills. This program is designed to serve youth ages 6-18 years of age. In addition to educating the youth in these basic areas, the curriculum is designed to incorporate age appropriate trainings in financial literacy as well. The youth will learn how to make, manage and save money. They will learn the importance of investing money (turning it into more money), and how they can go about donating to help others.

**The Griffin Place Program** provides educational training, safe and stable housing and life skill resources for young adult males between the ages of 18 through 21 years old have exhausted foster care services.

**The Dolls Tea Party** our latest program for girls ages 6-8 (the purpose of this program is to help the girls academically, with hygiene and obesity. We have expanded as the need has grown in an attempt to meet the diverse needs of those who seek our assistance; however, as we are a non-profit organization, receiving funding to cover these programs is always a challenge.

These programs and projects have allowed DCUSA's staff the needed tools to manage the financial and administrative aspects of each program and project effectively. By utilizing these skills the programs are sustainable resulting in several community members receiving services.

On behalf of the Board of Directors and Staff, I respectfully submit this request for funding in the amount of **\$5,000.00** in support of our many Educational programs that DCUSA offers to the community (current focus: Griffins Place and After School Program).

Sincerely,

*Helena Gibbs*

### 2015 N.C.O.M. Fund Request

Attention Council Manic Grant

New Coverdale Outreach Mission (NCOM) is a true Faith Based Organization. NCOM serves the Coverdale Community and neighboring communities near or far. We provide food, clothing, back to school supplies and toys to the underprivileged families annually. Now our additional project is temporary shelter that was so well needed this year. We would appreciate any source of funds to help us to continue in these well needed projects.

We have paid out last year 2014 expenses; commercial package Insurance \$2,232, Utilities \$5,000 , Alarm System \$300, Purchased School Supplies \$1,500, Purchased Turkeys \$1,500 and Purchased Clothing and Toys \$2,000.

NCOM would like to request \$5,000.

We at NCOM thank you for any time or consideration concerning this urgent request.

Signed.

Sussex County Administrative Office Bldg.  
2 The Circle,  
P.O. Box 589  
Georgetown, Delaware 19947

Dear Mr. Lawson:

*The Richard Allen Coalition is requesting a \$2,000 grant from the Sussex County Council. This amount will allow us to complete the funds needed to secure the deed transfer from the Boys and Girls Club to the Richard Allen Coalition.*

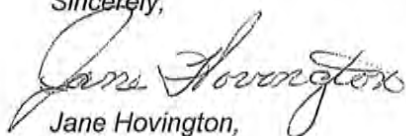

*The Richard Allen Elementary School located on Railroad Avenue in Georgetown has been designated as a Delaware State Historical site. We are also in the process of applying for the building to be designated as a National Historic Site. Pierre S. DuPont funded the construction of over 80 "colored" schools in the 1920's including the Richard Allen Elementary School. The school served as the educational and cultural focal point for over 50 years.*

*We believe that since the building is located in the county seat of Georgetown this will bring positive economic development to this area. The restored building will provide a space that will house artifacts of the heritage of the African American community in Sussex County. It will also serve as a community center where educational programs for young people and artistic events for people of all ages will be held. Once again, the building will be serving as an educational and cultural focal point for all of Sussex County.*

*We have already spoken to representatives of Perdue and have had inquiries from the DuPont's concerning possible grants to move forward with this project. We know the interest and support are there from the local businesses and industries.*

*Thanks for your consideration and we are prepared to answer any questions the County Council may have.*

Sincerely,

Jane Hovington,  
President

Sussex County Council  
Mr. George Cole  
P.O.Box 589, 2 The Circle  
Georgetown, DE 19947

Dear George,

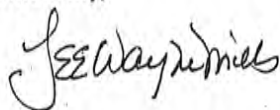

With almost twenty years of association with the Rehoboth Art League, I return to the post of Interim Executive Director—a position that I held here eight years ago. I could not be more excited about this homecoming to RAL—and the clever, engaging programs and exhibitions being offered to our membership. We have a fine community of artists and art appreciators in the greater Sussex County population.

I hope you know that our beautiful campus at Henlopen Acres has had a recent upgrade with the restoration of the Historic Stables, where our permanent collection of heritage artwork now has a safe and environmentally controlled home. Perhaps you also had a chance to join us at our Gala Fundraiser earlier this spring, where we debuted the RAL Art Studios and Gallery on Rt. 9 in Lewes, just west of Five Points. This is a lovely state-of-the-art facility you really need to visit and experience. Not only does this fabulous satellite location host artist studios and an up-to-the-minute print and media studio, but it also broadens the RAL tradition of showcasing member artwork and takes classroom programming out into the community. Additionally, our honored past has now been recognized and endorsed by the State of Delaware with a cultural conservation easement to preserve our historic Rehoboth property for future generations.

So, I write to ask for *your* return to the Rehoboth Art League. You can do so by writing a check today, or charging your gift, so that tomorrow, and into next year, the league's lights can shine much brighter. Our Henlopen Acres galleries and our new Rt. 9 space, along with exhibition space at the Peninsula resort, have showcased almost thirty exhibitions of artwork this year, sharing twenty Opening Receptions. Our RAL instructors are offering classes such as hand-building and wheel-throwing in the potter's studio, watercolor landscapes in plein air, Photoshop classes in our state-of-the-art computer lab at Rt. 9, and traditional Venetian glass bead-making for jewelry to name a few. We offered 170 classes/camps and workshops in 2015. We remain committed to offering the novice or experienced artists and artisans a wide variety of instruction, from the traditional to the cutting-edge. Equally important, our continuing commitment to Outreach programming takes art instruction to underserved children and seniors in Sussex County by facilitating weekly art lessons at schools and community centers.

A return to RAL with a donation to our Annual Fund means that you are supporting all of these activities and more. **Your tax-deductible gift** will help to ensure we fulfill and honor the vision of artists over our **77-year history**, continue to offer art education and exhibition programs, while providing a place that promotes the arts and artists, and ensures Delaware's artistic legacy endures in the future. If you believe in fostering creativity and community through the arts, **please make a donation to the Rehoboth Art League today**. I thank you for your strong support.

Sincerely,

Lee Wayne Mills  
Interim Executive Director

## Town Of Blades Kid's Christmas Fund

Dear Supporter,

The holidays are right around the corner, and we are in top gear in anticipation of the annual "Blades Kids Christmas Bazaar".

The event is held for kids from Blades, Bridgeville, Seaford, and Laurel, in general the whole local area. No one is turned away.

They receive gifts, make crafts, play games, have lunch, and get a photo and visit with Santa.

Funding is key for our continued success and past support has come from the Town and generous sponsors like yourself. I was hoping you may be able to help out again.

This years party is on Sunday, December 6<sup>th</sup>, from 1:00 to 3:00 P.M. and annually hosts over 100 kids.

All sponsors are recognized the day of the event and donations are tax deductible. No matter the amount, it all adds up to one special afternoon for some kids and their parents who could use a little holiday cheer.

Our Sincere Thanks  
Robert Atkinson  
Blades Mayor

If you can help, please send donations to...
