

RESOLUTION NO. R 002 71

BE IT RESOLVED that the County Council of Sussex County does approve and support the position of State Representative, The Honorable Harry Derrickson, in his position and work which would propose a limitation on the dumping of garbage and refuse by any governmental agency or subdivision thereof, which would include the geographical areas of Pennsylvania, New Jersey, Delaware and Maryland, within 100 miles of the Sussex County Shoreline. The County Council of Sussex County does hereby recognize and support the contention of Representative Derrickson that the Coastal area is the most valuable asset of Sussex County.

PASSED BY THE COUNCIL OF SUSSEX COUNTY ON THE 2ND DAY OF FEBRUARY, 1971.
